The Board of Directors may create such additional positions as it may consider proper.

It further provides that the office of the Chairman, President, Vice-President, Treasurer, or Secretary becomes vacant by death, resignation, or otherwise, the remaining directors, if still constituting a quorum, by a majority vote choose a successor or successors who shall hold office for the unexpired term.

In case of temporary absence of any officer of the Corporation or for any other reason that the Board of Directors may deem sufficient, the Board of Directors may delegate the powers and duties for the time being to any other officers, provided that a majority of the Board concur therein and such delegation is not covered by any express prohibition of these By-laws.

4) Other Executive, Non-Executive and Independent Directors

Does the company have a policy of ensuring diversity of experience and background of directors in the board? Please explain.

Yes. The Nomination Committee in the Board of Directors ensures that all nominees to the Board of Directors are competent and qualified to be nominated as Director based on internal guidelines so that:

1. There is a proper mix of competent directors that would continuously improve shareholder's value;

2. Directors will ensure a high standard of best practices for the Corporation and its stakeholders.

Does it ensure that at least one non-executive director has an experience in the sector or industry the company belongs to? Please explain.

Yes, the Nomination Committee recommends guidelines in the selection of nominees for directorships based on the perceived needs of the Board of Directors with respect to the nature of the business of the Company.

Define and clarify the roles, accountabilities and deliverables of the Executive, Non-Executive and Independent Directors:

All of the members of the Company's Board of Directors have such powers and authorities as are set by Company's By-Laws, Manual on Corporate Governance, by Philippine law and rules.

Provide the company's definition of "independence" and describe the company's compliance to the definition.

"Independence" means not having a relationship with the corporation, which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Does the company have a term limit of five consecutive years for independent directors? If after two years, the company wishes to bring back an independent director who had served for five years, does it limit the term for no more than four additional years? Please explain.

The Company does not have a policy providing for a limit in the term of its independent directors. However, the Company adopts the qualifications and standards on the nomination and appointment/election of independent directors prescribed under the Securities Regulation Code. The said qualifications and standards are also expressly contained in the Company's Manual on Corporate Governance. Other than the foregoing, no limitation or restriction is imposed on the appointment/election of independent directors in order to give primacy to the right of the stockholders to elect the director of their choice granted them under the Company's By-laws as well as the Corporation Code.

The progress in the implementation of the plan is being monitored on a regular basis and the result of the annual internal audit performance vs. the annual internal audit plan is submitted to the Audit Committee and to the Management.

4) Documentation of issues and findings as a result of the examination;

Documentation of the audit engagement (including issues and findings) is done thru the auditor's work papers. There is a duly approved process and procedures for the proper preparation of audit's work papers. Portion of the approved work paper preparation process/procedures are shown below:

Work paper preparation

The work paper file documents the work the auditor has done. The work papers serve as the connecting link between the audit assignment, the auditor's fieldwork and the final report. Work papers contain the records of planning and preliminary surveys, the audit program, audit procedures, fieldwork and other documents relating to the audit. Most importantly, the work papers document the auditor's conclusions and the reasons those conclusions were reached. The disposition of each audit finding identified during the audit and its related corrective action

In the preparation of the audit work papers, the following should be observed:

Work papers should be completed throughout the audit;

- The work papers should provide a basis for evaluating the Internal Audit's quality assurance program and demonstrate compliance with the Standards for the Professional Practice of Internal Auditing (SPPIA); Work papers should be economical to prepare and not difficult to review.
- Work papers should be complete but concise-a usable record of work performed. Auditors should include in their work papers only what is essential; and, they should ensure that each work paper included serves a purpose that relates to an audit procedure. Work papers that are created and later determined to be unnecessary should be deleted.

Also, the findings, issues and other relevant information in the audit engagement are further documented in the minutes of the closing meeting, and the final internal audit engagement report.

5) Determination of the pervasive issues and findings ("examination trends") based on single year result and/or year-to-year results;

Through the follow-up and monitoring process, the status of the audit findings and issues are tracked as to the Auditee's committed implementation plans.

- 6) Conduct of the foregoing procedures on a regular basis.
