Other Relevant Information

Amended to reflect the amount of CAPEX

During the Q&A, our Chairman and CEO Atty. Felipe L. Gozon mentioned the following:

- The way things are going now, we will fall short of our Consolidated Gross Revenues but will exceed Net Income target for this year.
- GVI has made small investments in 1 or 2 so called start up companies, but at this point, we prefer not to identify them. Does not think the Investment in GVI will affect the Dividend Payout
- We don't have any plans to enter the Cable business
- For next year, the CAPEX earmarked is a little less than PhP 2 Billion which will be for the expansion of our Digital transmission, upgrading of post production and content play out facilities, expansion of our Regional TV network. We have not yet started the construction of our new building and studios. That includes investment in content and other investments.
- Optimistic for 2022
- In the 2019 elections, Political Ad Sales only contributed 5% of our Total Consolidated Sales. With the pandemic and the COMELEC increased 40-50% discounts on published rates, we don't think the share will significantly change from prior elections. Our main source of Revenues will still come from recurring Advertisers.
- To remain number 1, GMA will continue to produce world class quality content, invest heavily in talent management and development, build more Digital stations nationwide so more Filipinos can enjoy Digital TV viewing. We have to continue to pursue new platforms and partnerships to deliver content to more Filipinos abroad.
