Effect(s) of the amendment(s) to the business, operations and/or capital structure of the Issuer, if any

By virtue of the amendments, there shall be updated functions, powers and duties for the Chairman and the President/CEO of the Company. With the CEO functions disengaged from the position of Chairman, the Chairman (who was also appointed as Adviser) will be enabled to take on other/additional responsibilities as may be approved/directed by the Board of Directors, in a manner that will give due recognition to the very significant contribution of the Chairman to the growth and development of the Company's business through the years. With the CEO functions attached to the position of President, there is confirmation that the President will be the highest corporate officer in the Company empowered to exercise general supervision and control over the operations of the Company, subject to law and the by-laws, and consistent with the general objectives of the Company's business. With the amendment(s), there will also be corresponding updates and/or adjustments to the functions and duties of the other officers placed under the authority of the President/CEO.
