# That All May Be One In Love And Service

## The GMA Kapuso Foundation Prayer

*Loving God, fount of goodness and compassion,  
We humbly come before You to offer our praise and thanks,  
for all the blessings that You have bestowed upon us.  
We thank You, most especially, for calling us to be men and women  
of service, sending us to others, as salt and light, to flavour life  
with hope and joy.*

*We pray that You renew us in Your love and likeness,  
So that peace may always reign in our hearts.  
Be our strength, please continue to energize and rejuvenate our souls.  
Bless and guide us, Your people at GMA Kapuso Foundation,  
grow in our hearts and make us instruments of Your love.  
Teach us the best way to share Your love to the least of our brothers and sisters.  
We lift up to You, our Merciful Father, the most special of Your children;  
the poor and the needy, the broken and the homeless, the young,  
the aged, the sick and the lonely.*

*Heal their bodies, heal their hearts, and heal their souls.  
Lead them to Your loving embrace - to find love and refuge.  
We also entrust to Your utmost care our generous donors and partners,  
the companies, individuals, groups and organizations who  
ceaselessly journey with us in serving others the Kapusong Totoo  
way, keep them in Your presence, and bring joy and peace  
to their generous hearts.*

*And as we continue to respond to the call of delivering Serbisyon  
Totoo, grant our Parent-Benefactor, GMA Network, Inc.,  
Your choicest blessings.*

*Bless its leaders and personnel with Your strength and inspiration,  
So they may carry on supporting the work of the Foundation  
and fulfill their mission to communicate Your love and graciousness,  
all for Your glory and in the service of Your people.*

AMEN

We uplift the lives of underprivileged Filipinos all over the Philippines by:

# Mission

- providing quick-response relief operations to fulfill the most immediate needs in times of crises;
- undertaking health, nutrition and medical projects to promote greater equity in health;
- carrying out developmental programs designed to promote education and foster learning.

We value our relationship with local, national, and international partners and recognize the impact they have in our capability to provide help to those who need it most.

We are committed in ensuring sustainable operations to enable us to continue being a “strong bridge” for our donors and beneficiaries by actively promoting the Foundation’s initiative to solicit sufficient funding.

In doing so, we effectively bridge the distance that comes between those who need help and those who extend a helping hand. As such, we recognize the power of media and its role in eliciting compassion and a sense of responsibility from our donors and in promoting volunteerism among Filipinos, and shall continue to use it responsibly as a means to achieve our organizational goals.

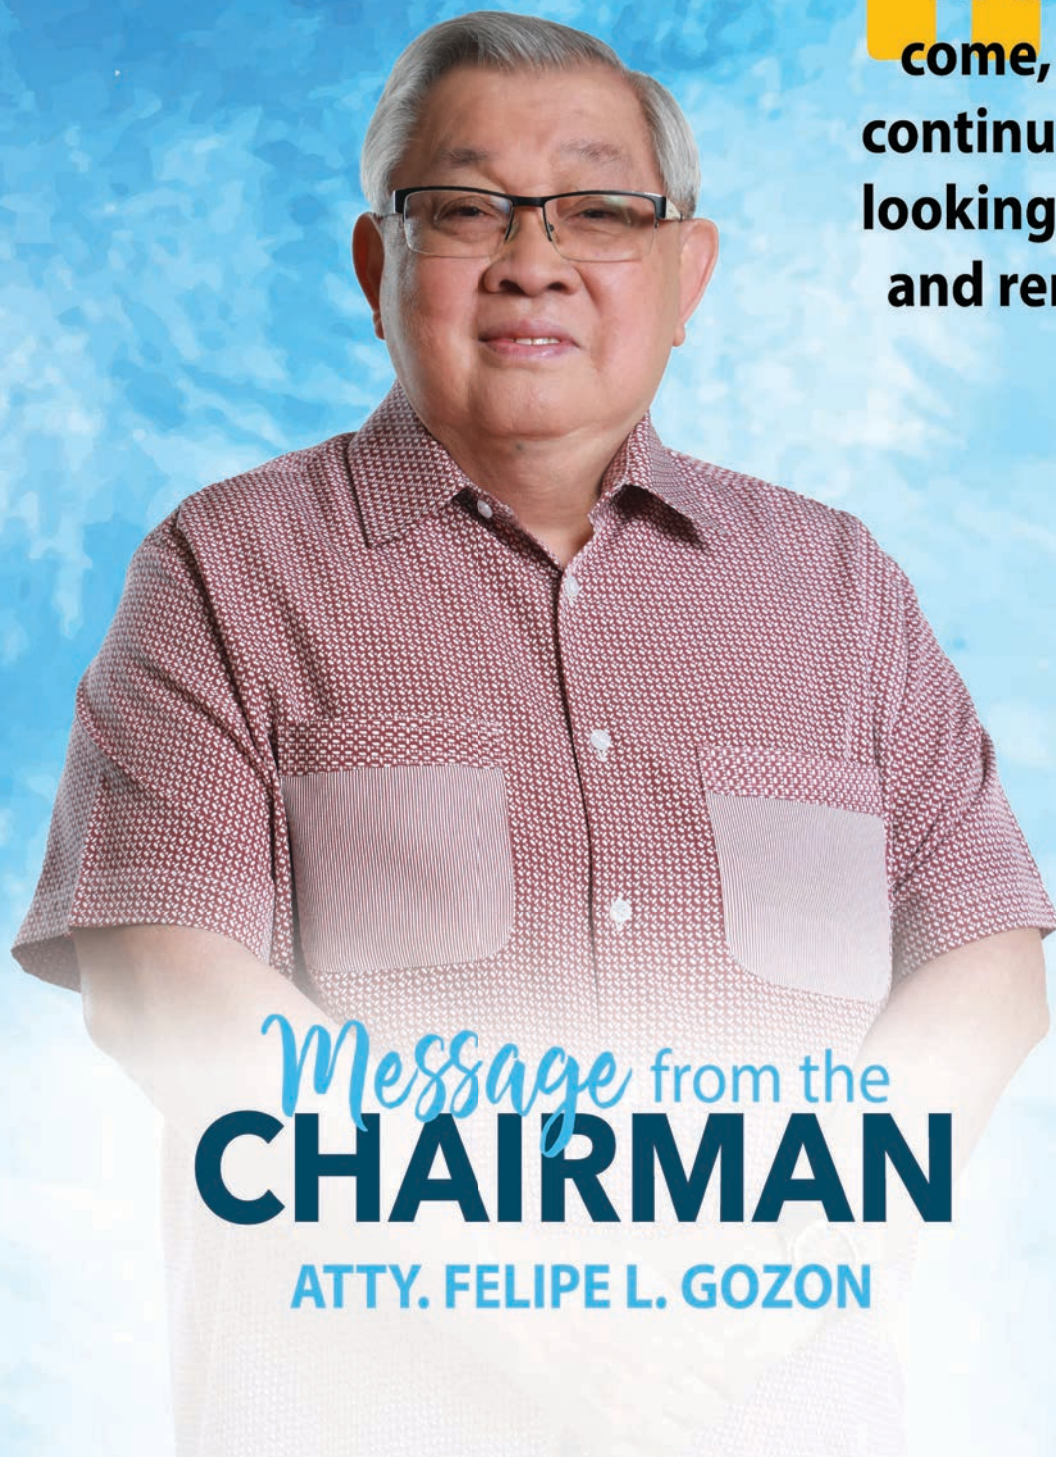

# Vision

We are the most accomplished, most trusted and most credible non-government organization in the Philippines; the leader in serving and uplifting the lives of the underprivileged members of our society through Serbisyong Totoo and the responsible use of media.

Message from the  
**CHAIRMAN**

ATTY. FELIPE L. GOZON

“As we forge ahead in the years to come, GMA Kapuso Foundation will continue to be good stewards – always looking for ways to deepen our impact and remaining steadfast to the spirit of Serbisyong Totoo.”

Situated along the typhoon belt and the Pacific Ring of Fire, the Philippines is vulnerable to tropical cyclones, volcanic eruptions, and earthquakes. As a matter of fact, it is one of the most disaster-prone countries in the world, ranking first among 193 countries on the World Risk Index 2022.

But what's alarming is how these natural disasters are intensifying in strength and occurring more frequently, causing massive damage. Days and even months after Super Typhoon Odette slammed into our shores, communities were still struggling – power grids were down, houses flattened, and schools were barely standing.

Recognizing the need to bring communities back to their feet and in better shape than pre-typhoon conditions, GMA Kapuso Foundation focused its efforts on the long-term needs of our underprivileged country men. In 2022, we worked on projects with lasting impact such as building structures that can withstand the forces of nature while supporting the needs of communities. We knew that for every disaster-resilient classroom we build, we are also building hope. With one steel bridge, we are unlocking economic opportunity and dramatically improving lives.

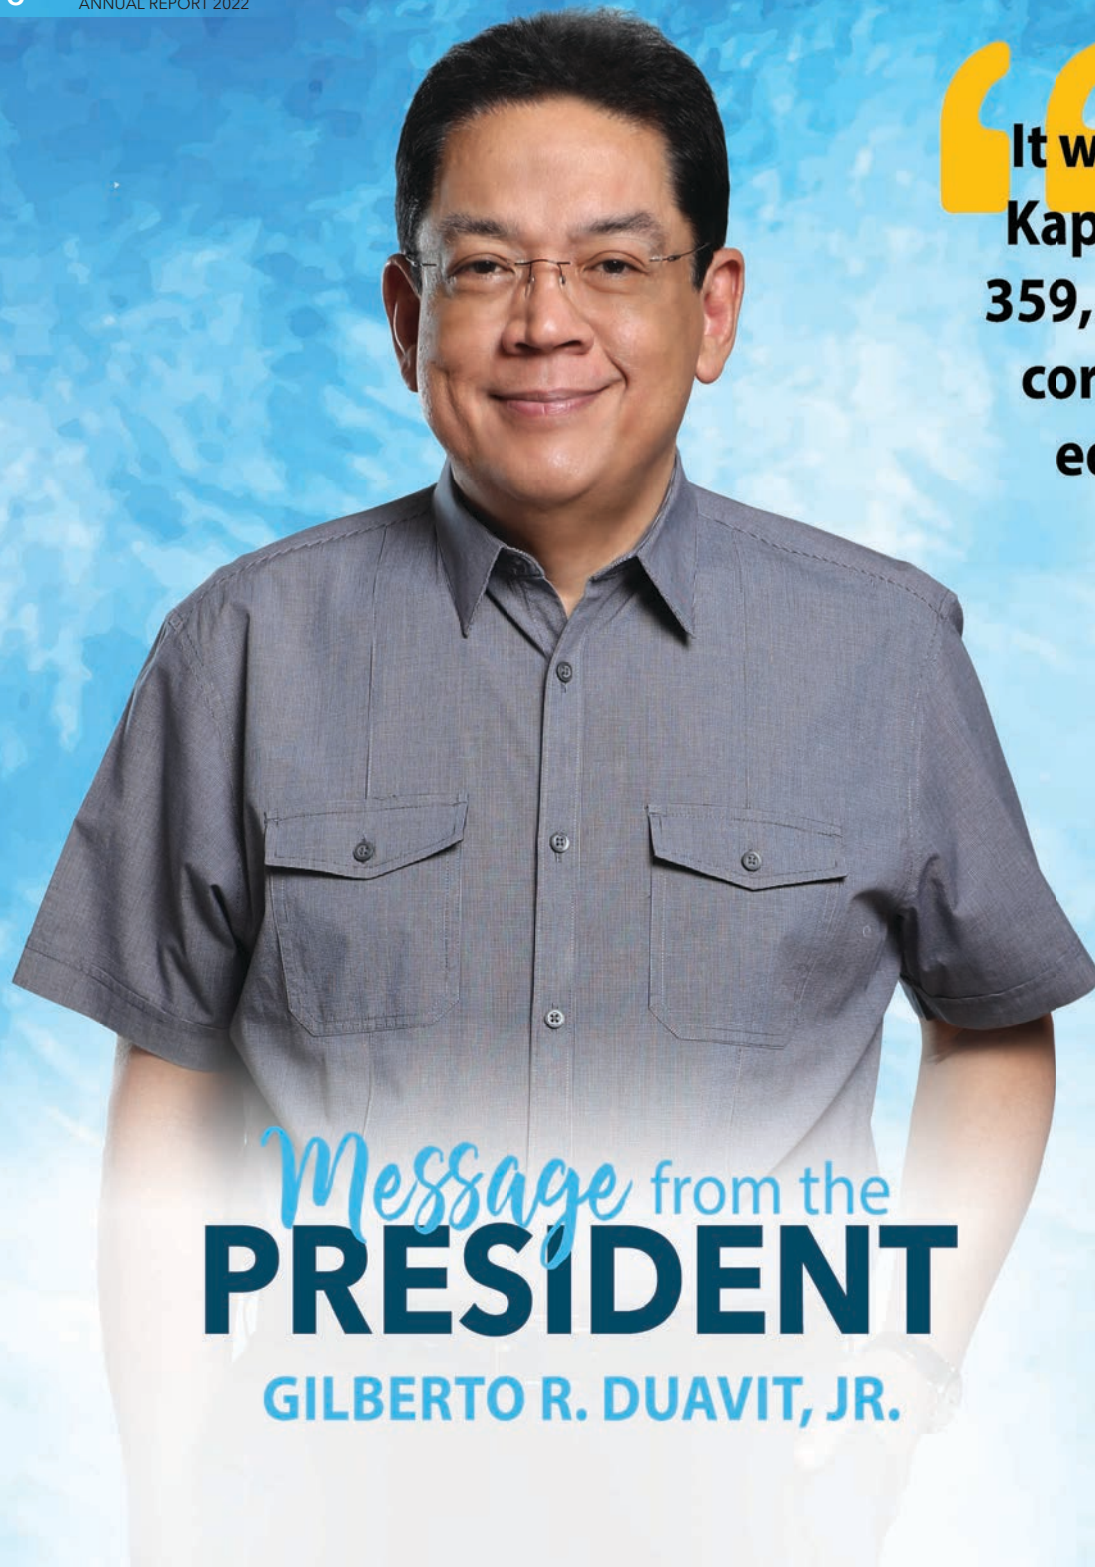

You will see details of the beneficiaries and donations in this report, but the people behind these numbers are the real story of “Bunga Ng Bayanihan” – students walking safely to school, families with easier access to healthcare, our hardworking staff who travel to remote areas during natural calamities, and our partners who have given us enduring and generous support. I am so grateful to all of you.

As we forge ahead in the years to come, GMA Kapuso Foundation will continue to be good stewards – always looking for ways to deepen our impact and remaining steadfast to the spirit of *Serbisyong Totoo*.

*Nawa ay patuloy tayong pagpalain ng Panginoon. Mabuhay kayong lahat, mga Kapuso!*

  
ATTY. FELIPE L. GOZON

*Message* from the  
**PRESIDENT**  
GILBERTO R. DUAVIT, JR.

“It was a fruitful year for the GMA Kapuso Foundation as we served 359,570 Filipinos through our four core programs in disaster relief, education, values formation, and health.”

It was a fruitful year for the GMA Kapuso Foundation as we served 359,570 Filipinos through our four core programs in disaster relief, education, values formation, and health.

Much of the Foundation's work in 2022 was devoted to helping communities hardest hit by Super Typhoon Odette. Among our noteworthy accomplishments was our disaster relief program bannered *Operation Bayanihan*. Through this project, we extended immediate assistance by providing relief goods, critical supplies, and roofing materials; benefitting 236,128 individuals in disaster-stricken areas throughout the country.

Apart from *Operation Bayanihan*, the Foundation continued with its sustainable infrastructure projects. Through the *Kapuso School Development* project, we built 11 calamity-resilient classrooms in the course of the year. Designed and built to withstand high-velocity wind and earthquakes, the classrooms are also fitted with bathrooms, handwashing facilities, and access to clean drinking water to ensure that proper hygiene is maintained by the students. These new learning spaces benefited three public elementary schools: the Magallanes Elementary School in Limasawa Island and New Malangza Elementary School in Liloan, both located in Southern Leyte, and Baybay Elementary School in Burgos,

Siargao Island of Surigao del Norte. Together with our partners, we also built our seventh *Kapuso Tulay Para Sa Kaunlaran*. A 70-meter-long steel and concrete hanging bridge in Barangay San Juan, Sogod, Southern Leyte, it is also the first Kapuso bridge in the Visayas. Inaugurated on December 10, 2022, or a year after Odette pummeled the town, the bridge serves as a safe and efficient passageway connecting communities to essential healthcare facilities and livelihood opportunities.

We continued to pursue our pillar projects across the archipelago in the past year: 60,000 kindergarten and Grade 1 pupils received backpacks complete with school supplies through *Unang Hakbang sa Kinabukasan*; another 60,000 children received gift bags containing food and toys through the *Give-A-Gift* project; while thousands of our countrymen received medical assistance through the *Kalusugan Karavan*. We also conducted *Sagip Dugtong Buhay* where 1,836 blood bags were collected from soldiers, cadets, and residents.

Through this Annual Report with the theme "Bunga ng Bayanihan", you will see how we all, working together, continued to fulfill our promise to uplift the lives of Filipinos.

The aftermath of Super Typhoon Odette and several typhoons, flash floods and landslides in Benguet province, volcanic eruptions, and earthquakes remind us not only of the vulnerability of communities to disaster but also about the fundamental goodness and generosity of people. Amidst all the devastation that follows the disasters we experienced, the countless acts of kindness and empathy from our valued donors, partners, and volunteers shone the brightest.

On behalf of my fellow Trustees and the Foundation's staff, we thank you for your undying trust and confidence in our shared mission.

  
GILBERTO R. DUAVIT, JR.

**“We made it through 2022 with perseverance and resilience, gradually emerging from the difficult depths of the pandemic in the two years before.”**

*Message* from the  
**AMBASSADOR AND  
SPECIAL ADVISER**  
CARMELA C. TIANGCO

## PERSEVERANCE AND RESILIENCE

We made it through 2022 with perseverance and resilience, gradually emerging from the difficult depths of the pandemic in the two years before.

Much of the perseverance comes from the steadfast trust and support from GMA Network, our project partners and institutional donors, and the general public. Thank you from the bottom of our hearts, on behalf of the Filipino people we serve.

The resilience comes from the values, principles, and systems upon which the GMA Kapuso Foundation is built. We looked after the health of our staff, prudently managed our available resources, implemented austerity measures, and suspended some activities that posed COVID risks.

Fortunately, the beginnings of the economic recovery in 2022 toward the new normal are replenishing our resources and enabling us to move more freely. We are shaking off some of the donor fatigue we experienced in 2020 and 2021. All these make us hopeful about our prospects and ongoing programs in the coming years.

We remain open to new linkages with like-hearted organizations. More collaboration with foreign embassies and international aid institutions are among the bright spots to explore.

The pandemic and calamities tested our resolve. We have proven to be more than equal to the challenges. We are resolute in our goal to continue forging ahead, fixed on our mission of Serbisyon Totoo.

*Hel Tiangco*  
CARMELA C. TIANGCO

“With God’s grace and the generosity of Filipinos here and abroad, as well as that of Filipino companies and even foreign embassies, we managed to build 11 classrooms and a sturdy steel and concrete hanging bridge according to our exacting Kapuso standards.”

Message from the  
**EXECUTIVE  
VICE PRESIDENT/COO**  
RIKKI ESCUDERO-CATIBOG

It was a year of renewal. After 2 long years of strict anti-COVID protocols – the number of infections were dropping – and life as we knew it before COVID was returning to the way it was. With the lifting of travel restrictions, GMA KAPUSO FOUNDATION was able to implement developmental infrastructure projects, planned at the start of the year, funded by public donations that poured in for victims of Super Typhoon Odette (which struck in December, 2021) in the Visayas and Mindanao.

With God's grace and the generosity of Filipinos here and abroad, as well as that of Filipino companies and even foreign embassies, we managed to build 11 classrooms and a sturdy steel and concrete hanging bridge according to our exacting Kapuso standards. Our kababayans deserve the best we could construct, and we owed it to our donors and sponsors to build these strong enough for future generations of Filipinos. Amidst our construction projects, GMAKF also responded to the needs of calamity victims all over the country as it was a year that saw a lot of typhoons, flooding, landslides, an earthquake and even volcanic eruptions. We could not have managed our relief operations without the help of valuable service partners in the Armed Forces, in private enterprises and individuals who trusted GMAKF with their hard-earned donations, believing that through GMAKF, makakarating ang tulong na binigay nila. Such faith encourages the staff and officers of GMAKF to strive even harder, to reach remote, poverty-stricken areas we have never reached before, to give sincere and swift public service, powered and supported by the good will, generosity and trust of millions of Filipinos and others wanting to help. Thank you for your trust and continued support and patronage. As we look forward to better times ahead, we remain committed to render SERBISYONG TOTOO. Please be comforted by our assurance that in the event of unpredictable and unavoidable calamities, you have our solemn promise that GMA KAPUSO FOUNDATION will do its best to give necessary aid, for God, for good, for our fellow marginalized Filipinos. May God bless us and shield us all.

# THE YEAR AT A GLANCE : 2022

GMA Kapuso Foundation served a total of **359,570** individuals in 2022, a year tarnished by the aftermath of Super Typhoon Odette and several other typhoons, flash floods, landslides, volcanic eruptions and earthquakes.

KF Served:

**236,128** individuals through its Disaster Relief program,  
**60,000** individuals through its Education program,  
**61,749** individuals through its various Values Formation projects and,  
**1,693** individuals through its different Health projects.

individuals

JANUARY

77,516

**Operation Bayanihan**

**75,120** Typhoon Odette survivors were given relief goods in San Jose, Southern Leyte, Limasawa Island, Sipalay City, Negros Occidental, Cebu, Bohol, Toledo City, Cebu, Bais, Negros Oriental, Lapu-Lapu City and Olango Island in Cebu, Siargao Island in Surigao Del Norte.

**2,396** landslide/mudslide survivors were given relief goods in Banaue, Ifugao.

FEBRUARY

70

**Give-A-Gift: Surgical Project**

**24** patients with imperforate anuses and Hirschsprung's disease confined at Our Lady of Peace Hospital in Parañaque were successfully operated on by KF partner, the World Surgical Foundation Philippines.

**Kapuso Cancer Champions**

**5** children afflicted with cancer under the care of GMA Kapuso Foundation continued to receive free chemotherapy medicine and blood bags in partnership with the Philippine Red Cross.

**Kapuso Kalusugan Konsulta**

**28** patients of public hospitals who were stricken with different kinds of diseases were served. They received maintenance medicine, laboratory services and O.R. supplies from KF partner pharmacies.

**Subject of Appeal Cases**

**13** individuals with rare and complicated diseases were accommodated, 5 of whom were successfully treated while the rest are undergoing continuous treatment and medication.

**MARCH****4,588\****\*1,836 blood bags excluded in the March monthly total count.***Operation Bayanihan**

**3,068** Taal volcanic eruption survivors in Batangas province were given relief goods.

**Operation Bayanihan: Silong Kapuso**

**1,200** Typhoon Odette survivors in Bohol, Quezon and Southern Leyte were given roofing materials.

**Sagip Dugtong Buhay**

**1,836** blood bags (450 cc) were collected from blood donors (soldiers, cadets and residents) in NCR, Cavite, Tarlac and Baguio City. These blood donors are residents from BF Homes in Las Piñas, the valiant soldiers of the Philippine Army, TRADOC (Training and Doctrine Command) in Tarlac, SAVER Comm (Social Action Volunteer Emergency Radio Communications Inc.), the Philippine Navy, Naval Air Wing, Philippine Fleet, and the cadets, officers and employees of the Philippine Military Academy.

**Women's Health Month**

**320** women from Antipolo City, Pangasinan, Benguet and Cavite were given free PAP smears and breast examinations, cervical cancer screening, reproductive healthcare and breast self-examination lectures.

**APRIL****25,600****Operation Bayanihan**

**25,600** Typhoon Agaton survivors in Agusan Del Sur, Leyte, Iloilo, and Capiz were given relief goods.

MAY

230

**Mother's Day**

**100** women from Cavite were given free PAP smears, breast examinations, grocery packs, hygiene kits, slippers and surgical masks. They also participated in a cervical cancer prevention and awareness lecture presented by KF's partner OB gynaecologists.

**Hypertension Awareness Month**

**100** charcoal makers from Catmon, Malabon were given free ECG, lipid profile, and fasting blood sugar tests, grocery packs, meals and hygiene kits.

**Operation Tuli**

**30** boys underwent free circumcision at the Jose Reyes Memorial Medical Center in Manila.

JUNE

66,804

**Prostate Cancer Awareness Month and Father's Day**

**100** men consisting of fishermen from Bulacan and rope makers from Valenzuela were given free prostate specific antigen (PSA), and urinalysis tests, grocery packs, hygiene kits, pants, caps and life vests. They also participated in a lecture conducted by partner doctors.

**Operation Bayanihan**

**2,704** fire victims in Cebu City were given relief goods.

**4,000** Mount Bulusan volcanic eruption survivors in Juban, Sorsogon were given relief goods.

**Unang Hakbang Sa Kinabukasan Project**

**60,000** incoming Kinder and Grade 1 pupils from different provinces nationwide (Limasawa Island, Leyte, Sulu, Tawi-Tawi, Western Samar, Southern Leyte, Lanao del Norte, Bukidnon, Eastern Samar, Surigao del Sur, Agusan del Norte, Iloilo, Capiz, Bohol, Negros Oriental, Surigao del Norte, Agusan del Sur, Sarangani, Dinagat Island, Cebu, Romblon, North Cotabato, Davao Oriental, Davao Occidental, Sultan Kudarat and Maguindanao) were given Kapuso school bags with complete sets of school supplies.

JULY

18,718

**National Disability Prevention and Rehabilitation Week**

**30** beneficiaries nationwide received arm and hand prostheses from KF partners LN4 Foundation and Naked Wolves Philippines.

**50** physically impaired individuals in Amlan, Jimalalud, Bayawan, Leyte and Sibulan in Negros Oriental received new wheelchairs (adult and pediatric) and strollers. They also received assorted goods, vitamin supplements and meals.

**Operation Bayanihan**

**11,550** earthquake survivors from Abra received relief goods.

**Kalusugan Karavan**

distributed assorted medicine, antibiotics, supplements, antacids, first aid kits, alcohol, antigen kits and anti-HPN to 21 Rural Health Units in Ifugao, Laguna, Abra, Cabanatuan City, Leyte, Cagayan, Sultan Kudarat, Rizal, Quezon, Baguio City, Pampanga, Sorsogon, Camarines Sur, Capiz and Mountain Province.

**Kapuso Para Sa Kawal**

**7,088** soldiers nationwide who worked side-by-side with GMAKF in Operation Bayanihan, were themselves calamity victims and their units were given roofing sheets, ridge rolls, nails, rubber mats, hard hats, shovels, face masks, first aid kits, coffee, bottled water and vitamin supplements.

AUGUST

34,960

**Operation Bayanihan**

**6,500** Typhoon Florita victims in Isabela and Cagayan received relief goods.

**26,400** earthquake survivors in Abra benefitted from the installation of drinking water stations by KF partner, Planet Water Foundation.

**Kapuso Ng Kalikasan**

**1,720** individuals benefitted from tree planting activities in Southern Leyte and Surigao del Norte.

**Sight Saving Month**

**148** students of North Bay Boulevard in Navotas, Manila were given free reading and corrective eyeglasses. They also received freebies and assorted items and participated in a lecture on how to take care of the eyes and their new eyeglasses.

**50** beneficiaries underwent free diabetic retinopathy screening at the Dr. J. Paulino Garcia Memorial Research and Medical Center in Cabanatuan, Nueva Ecija to detect if their blurry vision is caused by diabetes.

**Kapuso School Development**

**142** currently enrolled students and future generations of students will benefit from the construction of 4 classrooms at the Magallanes Elementary School in Limasawa, Southern Leyte.

SEPTEMBER

30,243

**Operation Bayanihan**

29,420 victims of Typhoon Karding in Aurora and Bulacan were given relief goods.

**Operation Bayanihan: Soup Kitchen**

750 individuals in Obando, Bulacan and Bagong Silangan, Quezon City were served hot meals.

**Kapuso School Development**

73 students benefitted from the construction of 3 classrooms at the New Malangza Elementary School in Liloan, Southern Leyte.

OCTOBER

31,862

**Linis Lusog Kapuso ng Kabataan**

**512** Kindergarten to Grade 6 pupils and their families from Tagkawayan, Quezon received hygiene kits and fluoride varnish application. They also participated in handwashing and toothbrushing drills in line with Global Handwashing Week.

**200** children from Tanay, Rizal who were affected by a diarrhea outbreak were fed by the Kapuso Soup Kitchen and received hygiene kits, assorted grocery items and vitamin supplements.

**Operation Bayanihan**

**1,050** victims of a diarrhea outbreak in Tanay, Rizal including members of the Dumagat indigenous tribe received relief goods.

**30,100** survivors of Super Typhoon Paeng were given relief goods in Camarines Sur, Cavite, Bulacan, Cavite, Maguindanao and Antique.

NOVEMBER

60,012

**Give-A-Gift: Distribution of Noche Buena Packs**

**60,000** children nationwide (Sulu, Basilan, Sarangani, Tawi-Tawi, Eastern Samar, Camarines Sur, Western Samar, Negros Oriental, North Cotabato, Surigao, Cebu, Bohol, Sorsogon, Sultan Kudarat, Southern Leyte, Aurora, Mt. Province, Negros Occidental, Quezon, Abra, Isabela, South Cotabato, Cagayan, Nueva Ecija) received Give-A-Gift bags containing Noche Buena/grocery packs and toys.

**Children's Month**

**12** strollers were given to infant and toddler beneficiaries who have cerebral palsy, seizure disorders, TB meningitis and mental disabilities in Juban, Sorsogon.

DECEMBER

8,967

**Operation Bayanihan**

**8,000** flood victims of the shear line phenomenon in Oroquieta City and Clarin in Misamis Occidental received relief goods.

**Kapuso Tulay Para Sa Kaunlaran**

**824** individuals benefitted from the construction of a 70-meter long steel and concrete hanging bridge in Sogod, Southern Leyte.

**Kapuso School Development**

**143** students benefitted from the construction of 4 classrooms at the Baybay Elementary School in Burgos, Siargao Island, Surigao Del Norte.

## COVER STORY

## Bunga ng Bayanihan: GMAKF'S Post-Super Typhoon Odette Projects

The strongest typhoon to hit the earth in 2021 happened a week before Christmas, and the first few months of 2022 was spent by those affected by Super Typhoon Odette trying to get back to normal amidst the extensive destruction around them. GMA Kapuso Foundation worked straight through the New Year holidays to give much-needed aid to affected kababayans in the Visayas (Bohol, Cebu, Negros Oriental and Occidental, Southern Leyte) and Mindanao (Siargao, Surigao). Over 75,000 beneficiaries in 6 provinces were given relief goods. GMAKF worked hand in hand with the AFP's Army, Navy and Airforce, to distribute the aid in hard-to-reach and damaged municipalities.

Siargao, Surigao del Norte

## Kapuso School Development

11 brand new classrooms in 3 school buildings were constructed by GMA Kapuso Foundation in super typhoon-stricken Visayas and Mindanao in 2022.

### LIMASAWA ISLAND

Limasawa Island across Leyte, the site of the first Catholic Mass on Philippine shores, was one of the worst-hit areas of Super Typhoon Odette. The island was incommunicado for several days after the onslaught of the typhoon. The army had to send a reconnaissance team to check out what happened to the people living there and what the soldiers reported made our hearts sink: Limasawa Island was completely devastated with most of the roofing of homes blown away, all schools sustained major damage and most of the coconut trees planted on its exposed hills were broken and bent. After relief goods and Silong Kapuso roof distributions were done, GMA Kapuso Foundation set about to rebuild what was to be Limasawa's first post-Odette earthquake and typhoon-resistant school building.

**BEFORE**

**AFTER**

A 4-classroom school building resistant to earthquakes up to intensity 8, and storm winds of up to 300 kph was erected in the compound of Limasawa Island's Magallanes Elementary School under GMAKF's Kapuso School Development project. After a construction period of a little over 2 months, the completed school building with 4 classrooms, 4 comfort rooms and a 5-faucet handwashing station was turned over to a grateful community on August 24, 2022. In attendance were: GMAKF EVP and COO, Ms. Rikki Escudero-Catibog, the Division Commander of the Philippine Army's 8th Infantry Division, Major General Edgardo de Leon, Limasawa Island's mayor, the Honorable Melchor Petracorta, the Schools Division Superintendent of Southern Leyte, Dr. Genis Murallos, CESO V. Also present at the turnover were GMAKF sponsors and partners: Xylem Watermark's Mr. Tata Putong, Concrete Stone Corp's Mr. John Ree Libunao and Manila Water Executive Director, Mr. Reginald Andal.

Thank you to all our partners and sponsors who helped us finish this worthwhile project:

- Concrete Stone Corp.
- Lotus Tools Philippines
- Xylem and Planet Water Foundation
- Sparkle GMA Artist Center
- CEMEX Philippines Foundation
- PPG Coatings (Philippines), Inc.
- Manila Water Foundation
- American Standard Philippines
- Yale Philippines
- Hanabishi
- Meridian Shipping and Container Carrier, Inc.

We would also like to acknowledge the critical support provided by our service partners for our Kapuso school in Limasawa:

- Visayas Command, AFP
- 8th Infantry Division, PA
- 802nd Infantry Brigade, PA
- 14th Infantry Battalion, PA
- 53rd Engineer Brigade, PA
- 546th Engineer Construction Battalion, PA

## Kapuso School Development

### LILOAN, SOUTHERN LEYTE

It was like a terrible déjà vu. The New Malangza Elementary School in Liloan, Southern Leyte was first finished by GMA Kapuso Foundation back in October, 2006 as a post-calamity intervention for victims of the Guinsaugon, Leyte landslide which happened in February that same year, after a minor earthquake and 10 days of non-stop rain. KF built the school in a government relocation site. Unfortunately, last December 2021, when Super Typhoon Odette blew into Southern Leyte, New Malangza suffered a direct hit. GMA Kapuso Foundation returned to Liloan, Southern Leyte to rebuild what was lost - again.

A brand new, 3-classroom school building was erected on the same site of the flattened school. The turnover of the new school was held on September 29, 2022, only 3 months after construction began. GMAKF built strong – 3 classrooms with 3 comfort rooms, and a handwashing station. The school building made of poured concrete (no hollow

blocks) was constructed to withstand an earthquake of up to intensity 8, and was designed not to cave to storm winds of up to 300 kph. Present at the inauguration rites were: GMAKF EVP and COO, Ms. Rikki Escudero-Catibog, the Commander of the Philippine Army's 802nd Infantry Brigade, BGen. Noel Vestuir, the Mayor of Liloan, Southern Leyte, the Honorable Jonna Adan. Partners and sponsors also graced the turnover: Concrete Stone Corp's Mr. John Ree Libunao, Xylem's Ms. Aileen Habulan, Planet Water Foundation's Mr. Dario Operario, CEMEX Philippines Foundation Executive Director Ms. Erlinda Lizardo, Manila Water Foundation's Ms. Ivy Jill De Leon and PPG Coatings Philippines Inc.'s Mr. Roel Martinez. To forestall any future

dangers from landslides, GMAKF likewise spearheaded the planting of 200 Narra and Mahogany tree seedlings around the school and nearby community. Medicine & vitamin supplements were also turned over by GMAKF to the Liloan Community Hospital.

Heartfelt thanks to all the sponsors and partners of the project:

- Concrete Stone Corp.
- Lotus Tools Philippines
- Xylem and Planet Water Foundation
- CEMEX Philippines Foundation
- Applied Medical
- PPG Coatings (Philippines), Inc.
- Manila Water Foundation
- Meridian Shipping and Container Carrier, Inc.
- Austrian Embassy Manila
- Mariwasa Siam Ceramics, Inc.
- American Standard Philippines
- Yale Philippines
- Hanabishi

We also extend our gratitude to our service partners in Liloan, Leyte:

- Armed Forces of the Philippines
- Visayas Command, AFP
- 8th Infantry Division, PA
- 802nd Infantry Brigade, PA
- 14th Infantry Battalion, PA
- 53rd Engineer Brigade, PA

## Kapuso School Development

### SIARGAO, SURIGAO DEL NORTE

Super Typhoon Odette made one of its landfalls on the picturesque surfing island of Siargao and left it in shambles. So many homes, resorts and schools were destroyed in what has been described as the worst typhoon to ever hit the island in recent history. The coastal town of Burgos was pummeled and its elementary school in Baybay, destroyed. GMAKF undertook rebuilding efforts in August of 2022 and after 3 and a half months of construction work, the 4-classroom Kapuso School building was finished and turned over to a thankful community. Each classroom has a comfort room with sink and toilet, a concave blackboard that allowed students seated at the back of the classroom to see what is written on the board more clearly, windows and doors with steel, termite-resistant jambs, twin ceiling fans by Hanabishi, and a 5-faucet handwashing station outside. Like all

Kapuso schools, this was also built to withstand earthquakes of up to intensity 8 and typhoons with maximum sustained winds of 300 kph. Attending the inaugural rites were GMAKF EVP and COO, Ms. Rikki Escudero-Catibog, New Zealand Ambassador H.E. Peter Kell, and the Municipal Mayor of Burgos, Siargao, the Hon. Angie Arcena. On the part of the AFP, in attendance were Eastern Mindanao Deputy Commander BGen. Potenciano Camba, 4th Infantry Division Assistant DivCom BGen. Joel Paloma, 52nd Army Engineer Brigade Commander BGen. Marlon Wong and the Commander of the 901st Infantry Brigade BGen. George Banzon. From the Department of Education, in attendance were the Regional Director of Dep-Ed CARAGA, Ms. Maria Gemma Ledesma, CESO V, Siargao Schools Division Superintendent, Ms. Nelia Lomocso, CEMEX Philippines Foundation Executive Director, Ms. Erlinda Lizardo, PPG Philippines Inc.'s Mr. Ruel Martinez and Manila Water Foundation's Ms. Ivy Jill de Leon.

BEFORE

AFTER

We give our warmest thanks to all partners and sponsors who supported us in this endeavor:

- Concrete Stone Corp.
- Lotus Tools Philippines
- Apex Mining Co., Inc.
- New Zealand Embassy-Manila
- CEMEX Philippines Foundation
- Manila Water Foundation
- PPG Coatings (Philippines), Inc.
- Seaborne Shipping Lines, Inc.
- American Standard Philippines
- Mariwasa Siam Ceramics, Inc.
- Hanabishi
- Yale Philippines

We also thank our service partners who worked with us to finish the school on time, before Christmas:

- Armed Forces of the Philippines
- Eastern Mindanao Command, AFP
- Philippine Army
- 4th Infantry Division, PA
- 901st Infantry Brigade, PA
- 30th Infantry Battalion, PA
- 52nd Engineer Brigade, PA
- 544th Engineer Construction Battalion, PA

GMA Kapuso Foundation accepted with heartfelt thanks, the 5 Million Peso donation of the Century Peak Cement Manufacturing Corporation for victims of Super Typhoon Odette. Said donation was utilized for the massive distribution of relief goods in the Visayas and Mindanao, to include relief distributions in Cebu, where Century Peak Cement Manufacturing Corporation is based.

The Philippine Army donated 4 Million Pesos to GMA Kapuso Foundation's Operation Bayanihan in four (4) provinces badly affected by Super Typhoon Odette – Bohol, Surigao, Leyte and Cebu.

The Commanding General of the Army, Lt. Gen. Romeo Brawner Jr., handed over the heartfelt donations of the army soldiers nationwide to GMAKF's Senior Project Staff, Tina Dungca. Army soldiers sacrificed a portion of their subsistence allowance, to be able to donate to Kapuso relief operations in the Visayas and Mindanao. 3 Million Pesos of the Army's donation was used to construct 3 schools in Typhon Odette devastated provinces (Surigao, Limasawa Island and Southern Leyte).

GMA Kapuso Foundation received with thankfulness, the 2 Million Peso donation of APEX Mining Co., Inc. for our school's developmental infrastructure project in Super Typhoon Odette devastated Siargao Island, Surigao del Norte. The donation was turned over by APEX Mining President and CEO, Luis Sarmiento which was received by GMAKF EVP/COO, Rikki Escudero-Catibog.

## Kapuso Tulay Para Sa Kaunlaran

Residents of Barangay San Juan, Sogod despaired of ever having their rickety old bridge, destroyed by Super Typhoon Odette, replaced. They risked drowning every time they crossed the area's river which becomes treacherously deep whenever it rained. But they had to risk it to get their produce sold in the local market and so that their children could attend the elementary school which was on the opposite side of the river. As an early Christmas gift, GMAKF presented the 824 residents of the Barangay with their longed-for sturdy steel and concrete hanging bridge measuring 70 meters, which can be used not just by pedestrians but also by popular habal-habals or local motorcycle rides. Construction of the bridge began on August 4, 2022, and it was finished by December 10, 2022 – 4 months later. Present at the momentous turnover rites were GMAKF EVP and COO, Ms. Rikki Escudero-Catibog; the Commander of the Philippine Army's 8th Infantry Division, MGen. Camilo Ligayo; 802nd Brigade Commander, BGen. Noel Vestuir and Sogod, Southern Leyte Vice Mayor, the Hon. Atty. Jose Ramil Golo.

**BEFORE**

**AFTER**

Thank you so much to all our donors and partners whose help was instrumental in getting the Kapuso Tulay Para sa Kaunlaran ng Sogod built:

- Lotus Tools Philippines
- Boysen Paints Philippines
- Equator Energy Corporation
- Santa Clara Shipping Corporation
- Meridian Shipping and Container Carrier, Inc.

Sincere thanks also to our service partners who helped us tremendously in seeing the Kapuso 2022 bridge project to fruition:

- Visayas Command, AFP
- Philippine Army
- 8th Infantry Division, PA
- 802nd Infantry Brigade, PA
- 14th Infantry Battalion, PA
- 53rd Engineer Brigade, PA
- 546th Engineer Construction Battalion, PA

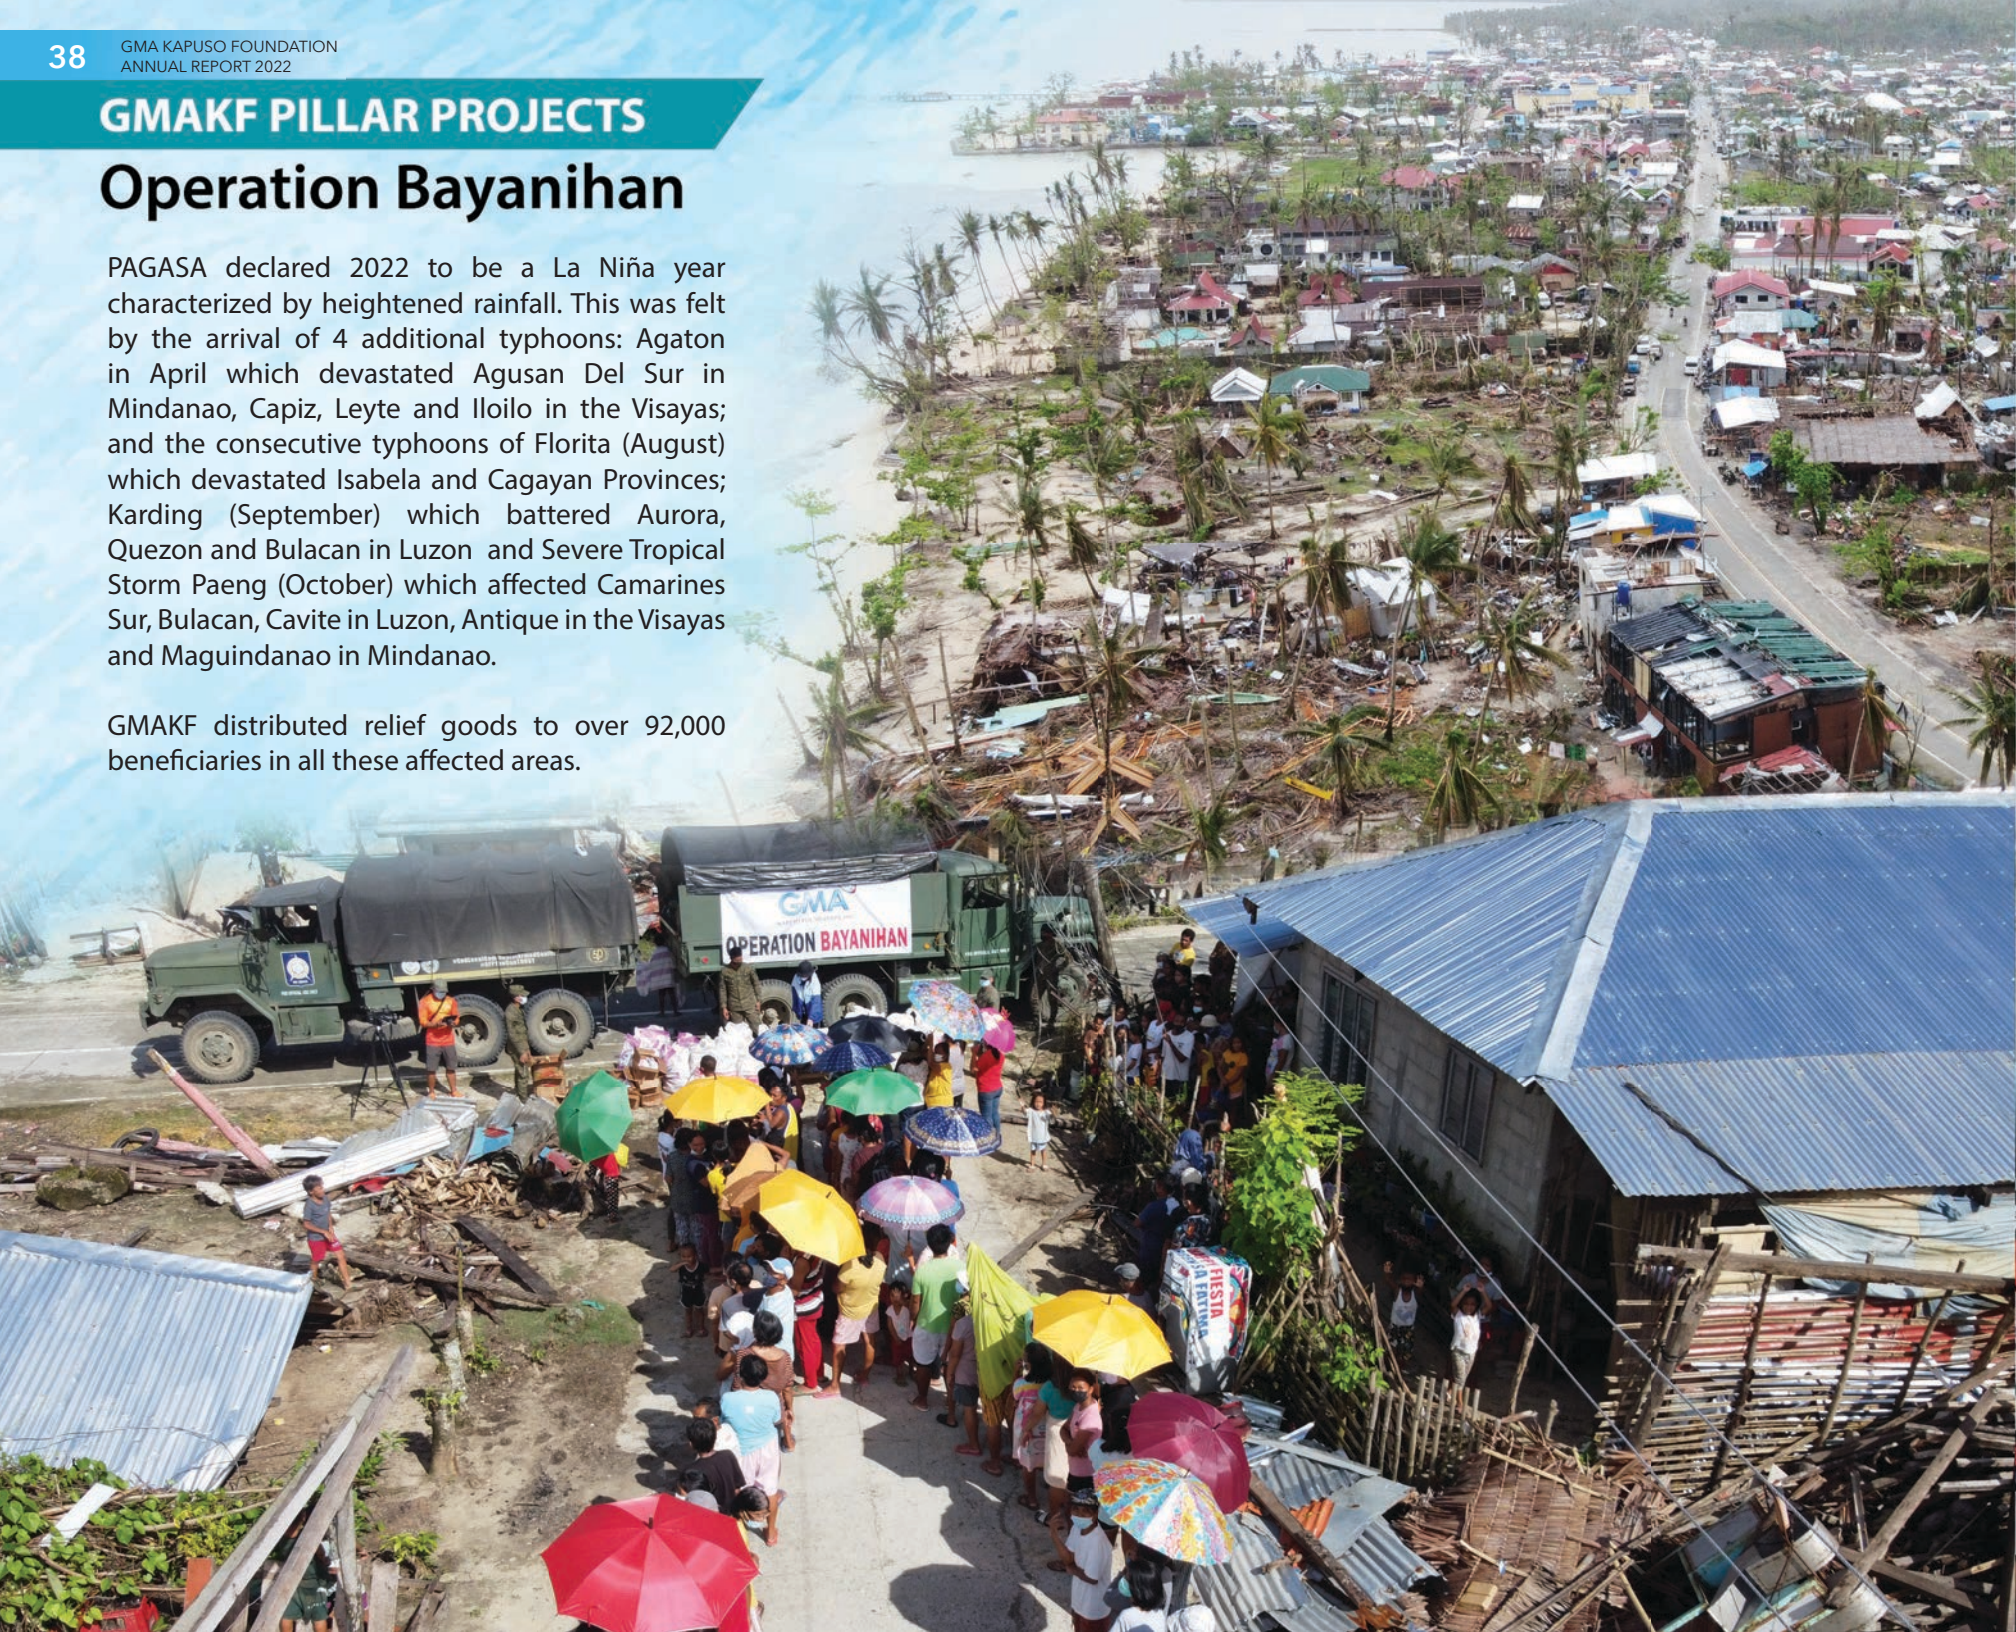

## GMAKF PILLAR PROJECTS

# Operation Bayanihan

PAGASA declared 2022 to be a La Niña year characterized by heightened rainfall. This was felt by the arrival of 4 additional typhoons: Agaton in April which devastated Agusan Del Sur in Mindanao, Capiz, Leyte and Iloilo in the Visayas; and the consecutive typhoons of Florita (August) which devastated Isabela and Cagayan Provinces; Karding (September) which battered Aurora, Quezon and Bulacan in Luzon and Severe Tropical Storm Paeng (October) which affected Camarines Sur, Bulacan, Cavite in Luzon, Antique in the Visayas and Maguindanao in Mindanao.

GMAKF distributed relief goods to over 92,000 beneficiaries in all these affected areas.

## Operation Bayanihan

It was just torrential, non-stop rain in July 2022 that caused massive flooding and landslides in the northern areas of Ifugao and Mountain Province. Muddy flood waters entered many homes and people were forced to flee.

GMAKF responded immediately after the roads were cleared and distributed food packs, hygiene kits, vitamin supplements, grocery items, fleece blankets and facemasks to residents who had just returned to their homes, intent on cleaning up. KF brought aid for 2,396 individuals from Barangays Viewpoint, Tam-An and Amganad.

## Volcanic Eruptions of Taal Volcano and Mt. Bulusan

The Philippines is known for its majestic volcanoes, but these imposing landmarks come with its danger.

On March 26, 2022, Alert Level 3 (Magmatic Unrest) was raised over Taal Volcano in the province of Batangas due to the phreatomagmatic eruption of its Main Crater that generated up to 3,000 meter-tall eruption plumes. Volcanic tremors and sulphur-smelling wet ashfall were reported along the Calauit and Alas-as shorelines and on the lakeshore of Banyaga, Agoncillo, Batangas. The magmatic intrusion at the Main Crater meant that it may further drive succeeding eruptions. DOST-PHIVOLCS strongly recommended that the Taal Volcano Island and high-risk barangays of Bilibinwang and Banyaga, Agoncillo and Boso-Boso, Gulod and eastern Bugaan East, Laurel in Batangas province, be evacuated due to the possible hazards of pyroclastic density currents and volcanic tsunamis should stronger eruptions subsequently occur.

This volcanic unrest prompted GMA Kapuso Foundation to immediately activate its Operation Bayanihan disaster relief operation. A total of 3,068 evacuees in Agoncillo and Balete in Batangas were given relief packs on March 27, 2022.

A mere two months after the Taal Volcano eruption, another volcano in the province of Sorsogon in the Bicol region erupted. The Philippine Institute of Volcanology and Seismology (PHIVOLCS) raised the alert status of Mount Bulusan Volcano to Alert Level 1 (Low-level Unrest) on June 5, 2022.

A phreatic eruption occurred at the volcano's summit that produced a sluggish gray ash plume that rose more than a kilometre and dispersed wet ash with rainfall over the edifice. Thin fine ashfall affected the barangays of Puting Sapa, Añog, Guruyan, Catanusan, Buraburan, Bacolod, and Sangkayon in Juban and Bolos in Irosin, Sorsogon province. Rumbling sound and sulfurous odor were also observed by the residents of Brgys. Añog, Guruyan, and Catanusan. The ashfall, having high amounts of sulphur, can cause irritation and breathing problems especially among the vulnerable population – the elderly, children, expecting mothers

and those with respiratory disorders – and can be particularly dangerous when inhaled in copious amounts.

GMA Kapuso Foundation once again quickly responded to the needs of evacuees and distributed relief goods to 4,000 individuals on June 6-8, 2022 in Juban Sorsogon.

Giving aid to disaster-stricken Filipinos is a priority of GMA Kapuso Foundation, and we are grateful to public and private donors for placing their trust in us.

## GMAKF PILLAR PROJECTS

### Operation Bayanihan

#### 7.0 Magnitude Earthquake in Abra

On July 27, 2022, a strong earthquake struck the island of Luzon with its epicentre in Abra province. It was initially reported at a magnitude of 7.3 by the Philippine Institute of Volcanology and Seismology (PHIVOLCS) but was later revised to an earthquake of 7.0 M with the epicentre in Tayum, Abra. Homes, schools and other buildings were badly damaged. Affected residents had to be evacuated.

GMA Kapuso Foundation held its Operation Bayanihan disaster relief operations from July 31 to August 1, 2022 and distributed a total of 40,246 relief goods to evacuees in Banaue, San Juan, Bangued, Bucay, Tayum and Lagangilag in the earthquake-damaged province of Abra.

When disaster strikes, time is of the essence. Through your generosity, GMA Kapuso Foundation is able to quickly send crucial help to disaster-stricken Filipinos.

## GMAKF PILLAR PROJECTS

# Operation Bayanihan

### Shear Line Phenomena in Misamis Occidental and Oroquieta City

Christmas weekend in 2022 was sadly marred by a shear line phenomenon in parts of eastern, central and southern Philippines. A shear line is the point where warm and cold air meet which triggers rain. Heavy rains and floods devastated the province of Misamis Occidental in Mindanao. Homes, roads and bridges were damaged and affected by the floods.

From December 26 to 29, 2022, GMA Kapuso Foundation's Operation Bayanihan disaster relief operation distributed relief goods to a total of 8,000 evacuees in Oroquieta City and Clarin, Misamis Occidental.

Working as one is vital to efficiently giving aid, and GMA Kapuso Foundation is grateful to our multi-sectoral partners and donors for sharing the mission of alleviating poverty for those who need help the most.

## GMAKF PILLAR PROJECTS

## Operation Bayanihan

## Diarrhea Outbreak Hits Dumagat Katutubos in Tanay, Rizal

A deadly diarrhea outbreak in the mountain of Tanay, Rizal badly affected the Dumagat Indigenous People community. The illness started after the onslaught of Super Typhoon Karding on September 25, 2022. The town's medical team reported that the diarrhea outbreak was traced to the spring water contaminated with feces. More than a hundred tribesmen were sick and some were hospitalized. The outbreak claimed four lives.

GMA Kapuso Foundation headed to the affected upland village in Tanay, Rizal on October 6, 2022. The team served 1,050 individuals and gave water purification tablets, relief goods and hot porridge of the Kapuso Soup Kitchen under the Operation Bayanihan disaster relief project.

Reaching remote communities is not an easy feat, but it is essential to give the necessary aid to Filipinos in distress.

### Big Fire in Barangay Punta Princesa, Cebu City

On June 11, 2022, Cebu City fire responders immediately went to Barangay Punta Princesa in Cebu City. The 5 sitios of Punta Princesa were hit by a huge fire. Unfortunately, the road was too narrow and the fire trucks had a difficult time in reaching all sitios.

Senior Fire Officer 2 (SFO2) Wendell Villanueva, Information Officer of the Cebu City Fire Office (CCFO), said they were able to establish that the fire was set intentionally. The CCFO also confirmed that one person died.

GMA Kapuso Foundation together with the 14 CMO Battalion, Philippine Army and CSWDO Cebu City, provided assistance to the fire survivors by giving relief goods to 2,704 individuals. Food packs consisted of canned goods, rice and noodles.

## Kapuso Kalusugan Konsulta

# Health Projects

### Bisig Bayan Medical Assistance

GMA Kapuso Foundation gave free medicine, laboratory exams, surgical supplies, blood donations and other medical services to 28 patients from January to December 2022 with strict adherence to COVID safety protocols. Patients were asked to email their requests, then our GMAKF staff would call them for a more detailed assessment. Upon GMAKF management's approval, a pledge form is picked up by the beneficiary or an authorized representative (if the beneficiary is incapacitated) at the lobby of the KF office so they can purchase medicine and avail of the free laboratory examinations and medical services. There were no face-to-face consultations and assessments this year because of the ongoing pandemic.

### Subjects of Appeal

From January to December, GMA Kapuso Foundation covered the treatments of 12 patients who were featured on the Kapusong Totoo segment of GMA's 24 Oras primetime newscast. These cases were provided with operations, surgical removal of lumps, medicine and laboratory services.

## FEBRUARY

### Give-A-Gift: Surgical Project

A joint project of GMA Kapuso Foundation and the World Surgical Foundation Philippines, surgical assistance was given to 24 patients with congenital defects like imperforate anuses and Hirschsprung disease, confined at Our Lady Of Peace Hospital in Parañaque - the charity hospital headquarters of our surgical partner, WSF-Philippines.

## MARCH

### Women's Health Month

GMA Kapuso Foundation recognized women's valuable contribution to society by providing free PAP smears and breast examinations, cervical cancer screening, reproductive healthcare and breast self-examination lectures to 320 indigent women from Antipolo City, Pangasinan, Benguet and Cavite.

## MAY

### Mother's Day Project

GMA Kapuso Foundation celebrated Mother's Day by serving 100 indigent women from Cavite again through the provision of free PAP smear tests and breast examinations, grocery packs, hygiene kits, slippers and supplies of surgical masks for families.

### Hypertension Awareness Month

In May, 100 charcoal makers from Catmon, Malabon were given free ECG, lipid profile and fasting blood sugar test. We also gave them grocery packs, meals and hygiene kits.

## JUNE

### Prostate Cancer Awareness Month

Fathers play an important role in the upbringing of children. In celebration of Father's Day and in commemoration of Prostate Cancer Awareness Month, 50 fishermen from Bulacan and 50 rope makers from Valenzuela were given free prostate specific antigen and urinalysis tests, grocery packs, hygiene kits, caps and life vests.

# Health Projects

## JULY

### National Disability Prevention and Rehabilitation Week

In commemoration of the National Council on Disability Affairs' National Disability Prevention and Rehabilitation Week in July, GMA Kapuso Foundation gave wheelchairs, strollers and arm/hand prostheses to 80 physically challenged patients nationwide.

30 patients nationwide received arm/hand prostheses from GMA Kapuso Foundation's partners LN4 Foundation and Naked Wolves Philippines.

50 physically challenged patients in Amlan, Jimalalud, Bayawan, Leyte and Sibulan in Negros Oriental received new wheelchairs, strollers, assorted goods, vitamin supplements and meals.

## AUGUST

### Sight Saving Month

In observance of Sight Saving Month, 148 students of North Bay Boulevard in Navotas, Manila were given free reading and corrective eyeglasses.

50 beneficiaries underwent free diabetic retinopathy screening at the Dr. J. Paulino Garcia Memorial Research and Medical Center in Cabanatuan, Nueva Ecija to detect if their blurry vision is caused by diabetes.

## OCTOBER

### Linis Lusog Kapuso Ng Kabataan

In June and October, 512 Kindergarten to Grade 6 pupils and their families from Tagkawayan, Quezon received hygiene kits and fluoride varnish application. They also participated in handwashing and toothbrushing drills in line with Global Handwashing week.

200 children from Tanay, Rizal who were affected by a diarrhea outbreak were fed by the Kapuso Soup Kitchen and received hygiene kits, assorted grocery items and vitamins supplements.

## NOVEMBER

### National Children's Month

GMA Kapuso Foundation celebrated National Children's month through the distribution of essential goods and wheelchairs.

12 strollers were given to infant and toddler beneficiaries who have cerebral palsy, seizure disorders, TB meningitis and mental disabilities in Juban, Sorsogon.

## Kapuso Kalusugan Konsulta

# Subject of Appeal Cases

The impetuosity of the youth has led to the recent sharp rise in the occurrence of sexually transmitted diseases among youngsters. GMAKF helped two such beneficiaries in 2022:

### MARINA

Now 25 years old as of this writing, Marina was 18 when she first had sex with her then boyfriend. On the same year, she noticed a pimple-like growth in her private parts which quickly grew to the size of two closed fists. It turned out to be fast-growing genital warts. Initial tests at a government hospital showed Marina had an STD – HPV brought about by unsafe sex. By the time she messaged GMAKF's Facebook page in 2022 to seek help, Marina had confined herself to the little home she shares with her brother, because she had to wear diapers at all times due to her untreated genital warts which had begun to weep and had grown to the size of a large cauliflower. GMAKF

quickly responded to Marina's SOS, arranged for her to be brought to partner government hospital, East Avenue Medical Center's OB-Gyne Oncology Department where she was eventually operated on in two tranches until her massive genital warts which coalesced to the size of a large cauliflower, was finally removed entirely. GMAKF provided funds for laboratory tests and diagnostics, blood for the operation through its partner, the Philippine Red Cross, vitamin supplements, post-operation medicine and groceries.

Special thanks to partners and sponsors :

**Dr. Grace Beltran** (GMAKF Special consultant in Dermatology for the initial consultation and biopsy)

**Dr. German Tan Cardoso** and the **OB-GYNE Department Operating Team, EAMC East Avenue Medical Center**

**The Philippine Red Cross**

**The CDRRMO of Sto. Tomas, Batangas** (Ambulance Service)

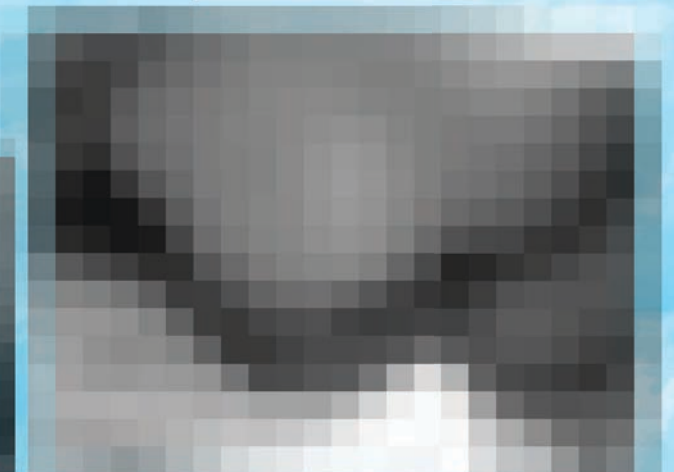

**Clearbridge Medical Philippines, Inc.** (Antigen Tests)

**BEFORE**

**AFTER**

## LOUIE

Louie saw Marina's story aired on GMA's primetime newscast, 24 Oras and messaged GMAKF seeking help for his own similar condition. Louie met his lover on a social media site in 2020 when he was only 18. On the same year he started and ended his brief sexual relationship, Louie tested positive at a health center for HIV. In 2021, he started drinking HIV medications, but by then he already experienced an explosion of genital warts which prevented him from sitting down properly. GMAKF facilitated his transfer and treatment at partner medical institution, San Lazaro Hospital, where his massive genital growth (between 1-2 kilos) was surgically removed and he received the full battery of anti-HIV drugs. GMAKF's consultant for dermatological cases, Dr. Grace Beltran also prescribed antibiotics, pain relievers and antiseptic wash – all of which were provided Louie along with vitamin supplements to boost his immunity, hygiene kits and grocery items.

Louie received twin blessings from the good Lord last year: he graduated from his local high school with honors in 2022 and last October 31, 2022 he reported to KF's monitoring nurse staff that his HIV was controlled to an undetectable level.

Special thanks to partner doctors :

**San Lazaro Hospital's**

**Dr. Richard Manera** (General Surgery)

**Dr. Talita Lacuesta** (Medicine Department)

**Dr. Edward Woo** (Orthopedic Surgery)

**Dr. Dianne Sia** (Dermatology)

**Dr. Grace Beltran** (GMAKF Special consultant in Dermatology)

#### The Boy With The Giant Tongue

An inborn congenital anomaly caused the tongue of an 8-year-old boy to grow to gigantic proportions. Gadiel Caagusan is the eldest child of 3 siblings and was then a Grade 3 student, but was forced to stop regular schooling because his tongue wouldn't stop growing until it hung out of his mouth and was as large as half his face. Gadiel lives with his Lolo and Papa as his parents are already separated. His father works for a food delivery service while his grandfather works as a cab driver. Both did not have enough to see to the boy's long treatment, which is why they sought the help of GMA Kapuso Foundation by messaging our official FB page. KF moved quickly, taking the boy to our consulting ENT specialist, Dr. Gil Vicente. Finally, a definitive answer to what is wrong with Gadiel and how to treat it was revealed: Hemangioma of the tongue, involving abnormal veins in the tongue which can be treated via monthly sclerotherapy, with a maximum of 10 sessions. Sclerotherapy is a procedure used to treat blood vessel and lymphatic system malformations. Medicine is injected into the swollen vessels which make them shrink. Treatment is costly, so GMAKF took to nationwide TV via its Kapusong Totoo segment on GMA's primetime newscast, 24 Oras to appeal for donations. We found a generous donor and partner in JC Cares Foundation which donated 250,000 PHP for Gadiel's treatment.

MEASUREMENT OF THE TONGUE (cm)					
SCLEROTHERAPY SESSION	DATE	CIRCUMFERENCE	LENGTH	WIDTH	REMARKS
<b>BASELINE</b>	APRIL	22 cm	10 cm	10 cm	
<b>1</b>	MAY	18 cm	9 cm	8 cm	
<b>2</b>	JUNE	17 cm	8 cm	7 cm	
<b>3</b>	JULY	16 cm	8 cm	7 cm	
<b>4</b>	AUGUST	15 cm	7 cm	6 cm	
<b>5</b>	SEPTEMBER	13.5 cm	5.5 cm	5 cm	
<b>6</b>	OCTOBER	12 cm	5.5 cm	6 cm	
<b>7</b>	JANUARY	8 cm	4.8 cm	4.8 cm	
<b>RESULT</b>		<b>14 cm</b>	<b>5 cm</b>	<b>5.2 cm</b>	<b>DECREASE IN TONGUE SIZE</b>

After only 7 sclerotherapy treatments, Gadiel's giant tongue has shrunk. Hopefully, with God's grace, it continues to normalize. See the remarkable results in the graph.

## Kapuso Kalusugan Konsulta

# Subject of Appeal Cases

Due to the pandemic and the limitations of face-to-face communications, GMA KAPUSO FOUNDATION launched Kapuso Kalusugan Konsulta (KKK) and encouraged the needy to send their appeals for help via e-mail and through our official Facebook page.

Some GMAKF e-mail and letter senders who went on to become Subject of Appeal Cases:

**Willy Gutaba** is a 55-year-old single father of 4 intellectually impaired children (aged 22-18 years old) whose wife had died from breast cancer. Willy is from Santa Maria, Bulacan and ekes a living from sewing apparel. He earns 65 pesos for every dozen shorts he sews on his borrowed sewing machine. To earn enough, he begins sewing at 3 am. Willy messaged GMAKF's official FB page, seeking help not for himself, but for his youngest daughter who had frequent rages and had not yet been seen by a doctor. GMAKF responded to Willy's appeal for aid and referred his daughter to a developmental pediatrician, Dr. Jocelyn Eusebio, who conducted an online psychological and medical consultation. GMAKF likewise provided needed maintenance medicine, vitamin supplements, hygiene kits and face masks for the entire family. GMAKF tapped the Pit Master Foundation for a brand new sewing machine donation, complete with sewing materials and thread. GMAKF also brought the family new mattresses, mats and blankets, as well as grocery packs.

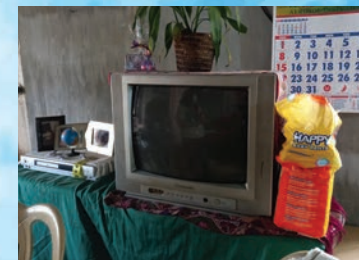

**Fermina Macallan** is a 71-year-old hypertensive senior from Trece Martinez, Cavite in dire economic hardship. She wrote to GMAKF seeking help for her hypertension and requesting for a second hand refrigerator that would help in her livelihood of selling food. She earns 300 pesos a day from selling viands, but was problematic as she had no refrigerator for storage and had to travel to the home of a friend to store leftovers in that friend's fridge. Fermina lives with her single daughter who lost her job during the pandemic. GMAKF was moved by pity to act on Fermina's behalf. We received a donation for a brand-new refrigerator from long time KF sponsor, Hanabishi Appliances, and procured hypertension medicine and vitamins for Fermina, as well as grocery packs. Shortly after, Fermina updated us with good news: their daily income increased from a mere 300 pesos per day to a more substantial 1,600 pesos per day.

**Editha Festejo** is a 66-year-old avid fan of Tita Mel Tiangco who wrote a letter requesting for a small television set and some goods for her little sari-sari store which is her family's only source of income. She requested the TV set so she could watch Tita Mel on 24 Oras and Magpakailanman, as she could only follow the news on GMA's AM radio station, DZBB, and had a hard time doing so. When GMAKF visited Editha, we discovered that she was actually suffering from hearing loss, her store was literally falling apart and her neighbors got food items from her store on loan, but never paid her back. What a sorry state of affairs! GMAKF got to work, getting the support of the Armed Forces of the Philippines (its Charlie company 402nd Ready Reserve Infantry Battalion) for manpower to conduct repairs on Editha's little sari-sari store, while GMAKF sourced the materials needed. She was also assessed by GMAKF ENT consultant, Dr. Gil Vicente, who recommended a hearing test to ascertain her level of impairment. Editha underwent free audiometry and tympanometry tests at the Ledesma Audiological Center and was given bilateral low power hearing aids. GMA Network gave Editha a GMA Affordabox while GMAKF television sponsor, Skyworth gifted her - not with a "small TV set" - but rather, a brand new 40-inch android smart TV. GMAKF also gave Editha a replenishment of goods for her sari-sari store, and advised Editha not to lend out her goods but to strive for cash sales for her business to thrive.

# Unang Hakbang Sa Kinabukasan 2022

### Reaching Public Elementary Students Nationwide

In the hope of minimizing drop out students of public elementary schools nationwide, the Unang Hakbang Sa Kinabukasan Project provides customized and sturdy school bags with complete sets of school supplies to incoming Kindergarten and Grade 1 indigent pupils every year.

In 2022, a total of 60,000 children including Indigenous People from the following poorest provinces and cities were our UHSK beneficiaries: Limasawa Island, Leyte, Sulu, Tawi-Tawi, Western Samar, Southern Leyte, Lanao del Norte, Bukidnon, Eastern Samar, Surigao del Sur, Agusan del Norte, Iloilo, Capiz, Bohol, Negros Oriental, Surigao del Norte, Agusan del Sur, Sarangani, Dinagat Island, Cebu, Romblon, North Cotabato, Davao Oriental, Davao Occidental, Sultan Kudarat and Maguindanao.

By supporting the educational needs of diligent Filipino students, we give them the chance to create a promising future!

# Give-A-Gift, Alay Sa Batang Pinoy: Bringing Holiday Joy

The holiday season can be lonely for some people, especially when struck by the pandemic and disasters. The yearly Give-A-Gift, Alay sa Batang Pinoy Christmas project wishes to let underprivileged children feel that they are remembered and cared for.

Noche Buena packs, toys and special food items, packed in customized Give-A-Gift reusable bags were shared with 60,000 children from Luzon, Visayas and Mindanao. The chosen areas were: Sulu, Basilan,

Saranggani, Tawi-Tawi, Eastern Samar, Camarines Sur, Western Samar, Negros Oriental, North Cotabato, Surigao, Cebu, Bohol, Sorsogon, Sultan Kudarat, Southern Leyte, Aurora, Mt. Province, Negros Occidental, Quezon, Abra, Isabela, South Cotabato, Cagayan, and Nueva Ecija.

We are grateful to partners and donors who give from the goodness of their hearts!

## GMAKF PILLAR PROJECTS

### Kapuso ng Kalikasan

In 2022, the Philippines was unfortunately hit by several typhoons, volcanic eruptions, landslides, flash floods and earthquakes. It is imperative that we take care of the environment to protect us from nature's wrath. GMA Kapuso Foundation's Kapuso ng Kalikasan project upholds environmental advocacy by planting trees nationwide.

This year, 1,720 individuals who were affected by Super Typhoon Odette benefitted from Kapuso ng Kalikasan's tree planting projects from September to December in Liloan, Limasawa Island and Sogod in Southern Leyte, and in Siargao, Surigao del Norte.

The efforts that we put in today bear fruits for the youth.

## GMAKF PILLAR PROJECTS

## Sagip Dugtong Buhay

Sacrificing for others without asking for anything in return is a noble act of kindness. GMA Kapuso Foundation's Sagip Dugtong Buhay bloodletting project in partnership with the Philippine Red Cross mobilized blood donors nationwide with strict adherence to COVID-19 safety protocols.

We salute the brave blood heroes from the National Capitol Region, Cavite, Tarlac and Baguio City who gave a total of 1,836 blood bags (450 cc) from March to October this 2022.

We thank the selfless residents of BF Homes in Las Piñas, the valiant soldiers of the Philippine Army, Training and Doctrine Command (TRADOC), the Philippine Army in Tarlac, SAVER Comm (Social Action Volunteer Emergency Radio Communications, Inc.), the Philippine Navy, Naval Air Wing, the Philippine Fleet, and the cadets of the Philippine Military Academy who gave gifts of life.

By sharing the best of ourselves with others, we change lives!

## Celebrity Ukay-Ukay 2022

## Shop for a Cause! Celebrity Ukay-Ukay at the Noel Bazaar

After a break due to the pandemic, the Celebrity Ukay-Ukay booth at the Noel Bazaar delights shoppers in Okada Manila and the World Trade Center in Pasay in November 2022 with strict implementation of health protocols to keep shoppers safe.

Spearheaded by Cut Unlimited, Inc. led by Mayose Bautista, CEO, and co-presented by GMA Network, Inc., the 20-year old Noel Bazaar boasts of a wide array of merchandise for shoppers, especially during the holiday season. Part of the proceeds funded GMA Kapuso Foundation's Unang Hakbang Sa Kinabukasan school bags and supplies distribution project and Operation Bayanihan disaster relief project.

GMA Kapuso Foundation's Celebrity Ukay-Ukay booth at the Noel Bazaar sells pre-loved clothes and other donated items of Kapuso stars, GMA Integrated News and GMA Public Affairs personalities, and Kapuso entertainment shows donated by GMA Entertainment Group Visual Applications Unit (VAU). Live Celebrity Auctions hosted by Barangay LS 97.1 DJs were also featured where Kapuso celebrities auction off their branded and special items to the highest bidders. The entire proceeds of the Celebrity Ukay-Ukay and Celebrity Auction support GMA Kapuso Foundation's educational and disaster relief projects.

The Noel Bazaar was a star-studded event attended by GMA Kapuso Foundation Celebrity Ambassadors Rhian Ramos, Carla Abellana, Michelle Dee and Kris Bernal. GMA Sparkle Artists performers were Jessica Villarubin, Garrett Bolden, Mitzi Josh, Mauie Francisco, Sheemee Buenaobra, Princess Velasco, Jennie Gabriel, Mariane Osabel, Vaness del Moral and Blvck Ace. Enchanted Kingdom's Circle of Artist and Psalm of David Orchestra also delighted the crowd with their performances.

Featured Celebrity Ukay-Ukay and Celebrity Auction items were donated by Kapuso artists Marian Rivera, Bea Alonzo, Heart Evangelista, Max Collins, Rhian Ramos, Carla Abellana, Kris Bernal, Julie Ann San Jose, Gabbi Garcia, Ruffa Mae Quinto, Christian Bautista, Patricia Tumalak, Mark Herras and Manolo Pedrosa.

GMA Integrated News and GMA Public Affairs items were donated by GMA Kapuso Foundation's Ambassador and Special Consultant Mel Tiangco, with Jessica Soho, Arnold Clavio, Howie Severino, Pia Arcangel, Ivan Mayrina, Mariz Umali, Sandra Aguinaldo, Kara David, Susan Enriquez, Suzi Abrera, Mav Gonzales and Connie Sison.

Join us again this year at Okada Manila and the World Trade Center in Pasay as we give holiday cheers to big-hearted shoppers!

# FINANCIAL STATEMENTS

## INDEPENDENT AUDITOR'S REPORT

The Board of Trustees  
GMA Kapuso Foundation, Inc.  
GMA Network Center  
EDSA corner Timog Avenue  
Brgy. South Triangle Diliman, Quezon City

### Report on the Audit of the Financial Statements

#### Opinion

We have audited the financial statements of GMA Kapuso Foundation, Inc. (a nonstock, nonprofit organization) (the Foundation), which comprise the statements of assets, liabilities and fund balance as at December 31, 2022 and 2021, and the statements of receipts and expenses, statements of changes in fund balance and statements of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 2022 and 2021, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards for Small and Medium-sized Entities (PFRS For SMEs).

#### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Foundation in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS for SMEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Report on the Supplementary Information Required Under Revenue Regulations 15-2010

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information required under Revenue Regulations 15-2010 in Note 15 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of GMA Kapuso Foundation, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

## **GMA KAPUSO FOUNDATION, INC.**

**(A Nonstock, Nonprofit Organization)**

### **NOTES TO FINANCIAL STATEMENTS**

#### **1. Corporate Information**

GMA Kapuso Foundation, Inc. (the Foundation) was incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on April 24, 1991 as a nonstock, nonprofit organization under the laws of the Republic of the Philippines. The primary activity of the Foundation is to engage in philanthropic, humanitarian and charitable activities for public welfare. The registered office address of the Foundation is GMA Network Center EDSA corner Timog Avenue, Brgy. South Triangle, Diliman, Quezon City.

As a nonstock, nonprofit organization, the Foundation is exempt from income tax under the conditions set forth in Section 30 (E) of the National Internal Revenue Code (NIRC).

On August 23, 2018, the Philippine Council for NGO Certification (PCNC) renewed its accreditation to the Foundation valid for five (5) years from August 23, 2018 to August 22, 2023.

On July 9, 2019, the BIR issued a Certificate of Registration (COR) to the Foundation, being duly accredited by PCNC, as a donee institution in accordance with the provisions of Revenue Regulations (RR) No. 13-98 dated December 8, 1998. Accordingly, donations received by the Foundation shall entitle donors to the full or limited deduction pursuant to Section 34 (H)(1) or (2) and exemption from donor's tax pursuant to Section 101 (A)(2) of the NIRC of 1997, as amended. This certification is valid until August 22, 2023 unless sooner revoked by the BIR for the violation of any provisions of RR No. 13-98 or upon withdrawal of the certificate of accreditation by PCNC.

On September 17, 2020, the Bureau of Internal Revenue (BIR) renewed the Foundation's Certificate of Tax Exemption from income tax only on the revenues or receipts from projects and donations valid for three (3) years from September 17, 2020 to September 16, 2023.

The accompanying financial statements of the Foundation were approved and authorized for issuance by the Board of Trustees on March 31, 2023.

#### **2. Basis of Preparation, Statement of Compliance and Summary of Significant Accounting Policies**

##### Basis of Preparation

The financial statements have been prepared on the historical cost basis. The financial statements are presented in Philippine Peso, which is the Foundation's functional and presentation currency. Amounts are rounded off to the nearest peso, except when otherwise indicated.

##### Statement of Compliance

The financial statements have been prepared in accordance with the Philippine Financial Reporting Standards for Small and Medium-sized Entities (PFRS for SMEs).

##### Current versus Noncurrent Classification

The Foundation presents assets and liabilities in statement of financial position based on current/noncurrent classification.

An asset is classified as current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within twelve months after the reporting period; or
- cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

A liability is classified as current when:

- it is expected to be settled in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Foundation classifies all other assets and liabilities as noncurrent.

#### Basic and Other Financial Instruments

The Foundation accounts for its financial instruments in accordance with Section 11, *Basic Financial Instruments*, under PFRS for SMEs.

*Initial Recognition and Measurement.* Basic and other financial assets and liabilities are recognized when the Foundation becomes a party to the contracts. Basic financial instruments are measured at transaction price including transaction costs. If the contract constitutes a financing arrangement, it is measured at the present value of future payments discounted at a market rate of interest for a similar instrument, unless the assets and liabilities are classified as current and do not incorporate a finance arrangement. If interest is not at a market rate, the fair value would be future payments discounted at a market rate of interest. Other financial instruments are initially measured at fair value, which is usually their transaction price, and exclude transaction costs.

*Subsequent Recognition.* For basic financial instruments, at the end of each reporting period:

- Debt instruments, such as an account, note, or loan receivables or payables, are measured at amortized cost using the effective interest rate;
- Commitments to receive a loan are measured at cost less impairment; and
- Investments in non-convertible preferred shares and non-puttable ordinary, and preference shares that are publicly traded or their fair value can otherwise be reliably measured, are measured at fair value through profit and loss if a public market exists, otherwise at cost less impairment.

All other financial instruments are measured at fair value at the end of each reporting period, except for equity instruments (and related contracts that would result in delivery of such instruments) that are not publicly traded and whose fair value cannot be reliably determined, which are measured at cost less impairment.

As at December 31, 2022 and 2021, the Foundation's basic financial instruments consist of cash and cash equivalents, short-term investments, receivables, accounts payable and other current liabilities (excluding payable to government agencies) and due to a related party. The Foundation has no other financial instruments measured at fair value.

**Determination of Fair Value.** The standard makes use of a fair value hierarchy such as quoted prices in an active market, prices in recent transactions for the identical assets (adjusted if necessary), and use of a valuation technique (that reflects how the market would expect to price the asset and the inputs reasonably represent market expectations). Fair value, where there is no active market, is only considered reliable if the variability in the range of fair values is not significant and the probabilities of various estimates can be reasonably assessed. Fair value of a liability cannot be below the amount in a demand feature discounted to the reporting period. For all other financial instruments not listed in an active market, the fair value is determined by using appropriate valuation techniques. Valuation techniques include using arm's length transaction for an identical asset between knowledgeable, willing parties, if available, reference to current fair value of another asset that is substantially the same as the asset being measured, discounted cash flow analysis, option pricing models and other relevant valuation model.

**Impairment.** At the end of each reporting period, an assessment is made as to whether there is objective evidence of a possible impairment. If there is objective evidence of impairment, the Foundation shall recognize an impairment loss in the statement of receipts and expenses immediately.

All equity instruments regardless of significance and other financial assets that are individually significant shall be assessed for impairment individually and all other financial assets shall be assessed for impairment either individually or grouped on the basis of similar credit risk characteristics. The impairment loss of basic financial instruments at amortized cost is the difference between carrying value and the revised cash flows discounted at the original effective interest rate. The impairment loss of basic financial instruments at cost less impairment is the difference between the carrying value and best estimate of the amount that would be received if the asset were sold at the end of each reporting period.

If, in a subsequent period, the amount of an impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the Foundation shall reverse the previously recognized impairment loss either directly or by adjusting an allowance account. The Foundation shall recognize the amount of the reversal in the statement of receipts and expenses immediately.

Other financial instruments carried at cost less impairment are impaired on the same basis as basic financial instruments measured in the same manner.

**Derecognition.** The Foundation derecognizes a financial asset when:

- The contractual rights to the cash flows from the financial asset expire or are settled;
- The Foundation transfers to another party substantially all of the risks and rewards of ownership of the financial asset; or
- The Foundation, despite having retained some significant risks and rewards of ownership, has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party.

The Foundation derecognizes financial liabilities when:

- it is extinguished, i.e., when the obligation specified in the contract is discharged, is cancelled or expires; or
- profit and loss in recognized between the carrying amount of the financial liability extinguished or transferred to another party and the considerations paid, including any non-cash assets transferred or liabilities assumed.

### Cash and Cash Equivalents

Cash includes cash on hand and in banks. Cash in banks earn interest at the prevailing bank deposit rate. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three months or less and that are subject to an insignificant risk of change in value.

### Short-term Investments

Short-term investments include highly liquid investments that are readily convertible to known amounts of cash with original maturities of more than three months but less than one year from dates of acquisition and subject to an insignificant risk of change in value.

### Other Current Assets

Other current assets include medical insurance paid in advance and amortized over the term of the contract.

### Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and any impairment in value.

The initial cost of property and equipment comprises its purchase price and other costs directly attributable in bringing the asset to its working condition and location for its intended use.

Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are normally charged as expense in the year such costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as additional costs of property and equipment.

Depreciation is computed using the straight-line method, net of any estimated residual value, over the estimated useful lives of the assets, as follows:

Computer equipment	3 years
Communication equipment	3 years
Video equipment	5 years
Office and mechanical equipment	5 years
Transportation equipment	5 years
Office furniture and fixtures	5 years

If there is an indication that there has been a significant change in depreciation method, useful life or residual value of an asset, the depreciation of that asset is revised prospectively to reflect the new expectations.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising from derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is credited or charged to current operations in the year the asset is derecognized.

Fully depreciated assets are retained in the accounts until these are no longer in use and no further depreciation is charged to current operation.

#### Impairment of Property and Equipment

At each reporting period, property and equipment is reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset (or group of related assets) is estimated and compared with its carrying amount. If estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognized immediately in the statement of receipts and expenses.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognized for the asset (or group of related assets) in prior years. A reversal of an impairment loss is recognized immediately in the statement of receipts and expenses.

#### Other Noncurrent Asset

Other noncurrent asset pertains to restricted cash in bank of the Foundation.

#### Accounts Payable and Other Current Liabilities

Accounts payable and other current liabilities are obligations on the basis of normal credit terms and do not bear interest. These are recognized in the period in which the related money, goods or services are received or when a legally enforceable claim against the Foundation is established or when the corresponding assets or expenses are recognized.

#### Fund Balance

Fund balance represents the cumulative balance of the excess of receipts over expenses.

*Restricted Fund Balance.* Restricted fund balance results from contributions for which donor imposed restrictions limit the Foundation's use of an asset or its economic benefits.

*Unrestricted Fund Balance.* Unrestricted fund balance generally results from revenue and other income that are derived from the Foundation's regular operations unless the receipts are limited by donor-imposed restrictions. The Foundation's expenses are reported as decreases in unrestricted net assets.

#### Revenue Recognition

Revenue comprises of donations, receipts for projects and interest income (collectively referred to as "receipts"). Revenue is recognized to the extent that it is probable that the economic benefits associated with the transaction will flow to the Foundation and the amount can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

*Projects and Donations.* Projects are amounts received to fund specific program of the Foundation. Donations are general fund that is used to finance any program, including medical assistance of the Foundation. Projects and donations are recognized when it is probable that the economic benefits associated with the donation will flow to the Foundation, which in most cases is upon receipt of the donation from the donors. Donations in-kind are given to designated donees immediately.

*Interest Income.* Revenue is recognized as the interest accrues, taking into account the effective yield on the asset.

#### Expenses

Expenses are recognized when a decrease in economic benefit related to a decrease in an asset or an increase of a liability has arisen that can be measured reliably.

Project costs and donation expenses are recognized on the basis of a direct association between the cost incurred and revenue recognized by the Foundation.

#### Pension Costs

The Foundation has a funded, noncontributory retirement plan covering its permanent employees. Pension costs are actuarially determined using the projected unit credit method. The projected unit credit method considers each period of service as giving rise to an additional unit of benefit entitlement and measures each separately to build up the final obligation. Actuarial gain or loss and past service costs are recognized immediately in the statement of receipts and expenses. Gains or losses on the curtailment or settlement of pension benefits are recognized when the curtailment or settlement occurs.

#### Foreign Currency-denominated Transactions

Foreign currency gains and losses are reported on a net basis. Transactions in foreign currencies are recorded using the closing exchange rate at the dates of transactions. Monetary assets and liabilities denominated in foreign currencies are restated using the closing exchange rate at the reporting period. All differences are taken to the statement of receipts and expenses. Nonmonetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

#### Provisions

Provisions are recognized when the Foundation has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Foundation expects a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the receipt of the reimbursement is virtually certain.

#### Contingencies

Contingent liabilities are not recognized in the financial statements. These are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed when an inflow of economic benefits is probable.

#### Events after the Reporting Period

Post year-end events that provide additional information about the Foundation's financial position at the reporting period (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to financial statements when material.

### **3. Significant Accounting Judgments, Estimates and Assumptions**

The preparation of the Foundation's financial statements in conformity with PFRS for SMEs requires the management to make judgments, estimates and assumptions that affect the amounts reported in the financial statements and related notes. Future events may occur which may cause the assumptions used in arriving at the estimates to change. The effects of any change in estimates are reflected in the financial statements as these become reasonably determinable.

Judgments, estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

### Judgment

Management makes judgments in the process of applying the Foundation's accounting policies. Judgment that has the most significant effect on the reported amounts in the financial statements is discussed below.

*Determination of Restricted and Unrestricted Receipts and Expenses.* The Foundation reports receipts as restricted if these were received with donor stipulation that limits the use of the donation, otherwise it will be classified as unrestricted. Program expenses are classified as restricted following the classification of the related receipts. Should the receipts from restricted be inadequate to fund the program expenses, then the Foundation would assess whether it needs to obtain funds from the unrestricted receipts.

Restricted receipts/revenue and program expenses amounted to ₱9,815,805 and ₱18,068,675 in 2022 and ₱14,336,176 and ₱13,524,155 in 2021, respectively (see Notes 9 and 11). Unrestricted receipts/revenues, and program and administrative expenses amounted to ₱132,671,290 and ₱91,955,608 in 2022 and ₱168,707,781 and ₱94,703,125 in 2021, respectively (see Notes, 9, 10 and 11). The accumulated restricted and unrestricted fund balance amounted to ₱19,631,601 and ₱281,308,302 as at December 31, 2022 and ₱27,884,471 and ₱240,592,620 as at December 31, 2021, respectively.

### Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting period, that have a significant risk causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below.

*Assumptions on Pension Costs.* The determination of the Foundation's pension liability and pension costs is dependent on the selection of certain assumptions used by actuaries in calculating such amounts. Those assumptions are described in Note 13 and include, among others, discount rate and expected rate of salary increase. Actual results that differ from the assumptions are accumulated and recognized in the period in which it occurs.

Pension liability amounted to ₱647,366 and ₱2,261,275 as at December 31, 2022 and 2021, respectively (see Note 13).

## **4. Cash and Cash Equivalents and Short-term Investments**

Cash and cash equivalents consist of:

	2022	2021
Cash on hand and in banks	<b>₱148,839,646</b>	₱127,073,200
Cash equivalents	<b>149,732,218</b>	140,207,582
	<b>₱298,571,864</b>	₱267,280,782

Cash in banks earn interest at the prevailing bank deposit rates. Cash equivalents are short-term placements made for varying periods of up to three months and earn interest at the respective short-term placement rates.

Short-term placements with terms of more than three months, presented under "Short-term investments" account in the statements of assets, liabilities and fund balance amounted to ₱5,220,063 and ₱5,214,612 as at December 31, 2022 and 2021, respectively.

Interest income earned from cash in banks, cash equivalents and short-term investments amounted to ₱1,354,094 and ₱1,089,520 in 2022 and 2021, respectively.

## 5. Receivables

This account consists of:

	2022	2021
Advances to officers and employees	<b>₱682,431</b>	₱1,164,727
Advances to suppliers	<b>138,630</b>	—
Interest receivable	<b>88,660</b>	37,333
	<b>₱909,721</b>	₱1,202,060

The terms and conditions of the above receivables are as follows:

- Advances to officers and employees and advances to suppliers are noninterest-bearing and are normally collected and liquidated within 30-60 days.
- Interest receivables are normally collected within the next financial year.

## 6. Property and Equipment and Software

The movements in property and equipment are as follows:

	2022						
	Computer Equipment	Communication Equipment	Video Equipment	Office and Mechanical Equipment	Transportation Equipment	Office Furniture and Fixtures	Total
<b>Cost</b>							
Balance at beginning of year	₱923,668	₱287,976	₱1,900,928	₱463,193	₱4,498,266	₱733,262	₱8,807,293
Additions	847,000	—	—	—	317,810	—	1,164,810
Balance at end of year	1,770,668	287,976	1,900,928	463,193	4,816,076	733,262	9,972,103
<b>Accumulated Depreciation</b>							
Balance at beginning of year	912,453	273,081	1,900,928	463,193	4,145,644	719,786	8,415,085
Depreciation	175,909	11,917	—	—	307,544	2,695	498,065
Balance at end of year	1,088,362	284,998	1,900,928	463,193	4,453,188	722,481	8,913,150
<b>Net Book Value</b>	<b>₱682,306</b>	<b>₱2,978</b>	<b>₱—</b>	<b>₱—</b>	<b>₱362,888</b>	<b>₱10,781</b>	<b>₱1,058,953</b>

	2021						
	Computer Equipment	Communication Equipment	Video Equipment	Office and Mechanical Equipment	Transportation Equipment	Office Furniture and Fixtures	Total
<b>Cost</b>							
Balance at beginning of year	₱923,668	₱287,976	₱1,900,928	₱463,193	₱4,498,266	₱719,786	₱8,793,817
Additions	—	—	—	—	—	13,476	13,476
Balance at end of year	923,668	287,976	1,900,928	463,193	4,498,266	733,262	8,807,293
<b>Accumulated Depreciation</b>							
Balance at beginning of year	893,249	261,164	1,900,928	463,193	3,843,396	719,786	8,081,716
Depreciation	19,204	11,917	—	—	302,248	—	333,369
Balance at end of year	912,453	273,081	1,900,928	463,193	4,145,644	719,786	8,415,085
<b>Net Book Value</b>	<b>₱11,215</b>	<b>₱14,895</b>	<b>₱—</b>	<b>₱—</b>	<b>₱352,622</b>	<b>₱13,476</b>	<b>₱392,208</b>

As at December 31, 2022 and 2021, the net book value of software is as follows:

<b>Cost -</b> Balance at beginning and end of year	₱169,643
<b>Accumulated Amortization -</b>	
Balance at beginning and end of year	169,643
<b>Net Book Value</b>	<b>₱—</b>

## 7. Other Noncurrent Asset

On June 9, 2015, the Foundation received a Provisional Asset Preservation Order (PAPO) against a donation received from a donor with an ongoing legal proceeding. The issued PAPO on the Foundation's bank account immediately forbids any transaction, withdrawal, deposit, transfer, removal, conversion, concealment or other disposition of the cash amounting to ₱1,000,000 in the said account. The said donation was deposited in a separate restricted bank account of the Foundation.

## 8. Accounts Payable and Other Current Liabilities

This account consists of:

	2022	2021
Accounts payable	<b>₱2,283,855</b>	₱2,934,137
Payable to government agencies	<b>422,269</b>	188,107
Retention payable	<b>410,727</b>	211,974
Accrued expenses	<b>167,880</b>	190,426
	<b>₱3,284,731</b>	₱3,524,644

The terms and conditions of the above liabilities follow:

- Accounts payable, retention payable and accrued expenses are noninterest-bearing and are normally settled within the next financial year. Accrued expenses pertain to administrative expenses.
- Payable to government agencies is remitted within 30 days after reporting period.

## 9. Projects

Receipts for various projects are as follows:

	2022	2021
Restricted:		
Operation Bayanihan	<b>₱8,920,848</b>	₱14,336,176
Kapuso School Rehabilitation Development	<b>894,957</b>	—
	<b>9,815,805</b>	14,336,176
Unrestricted:		
Operation Bayanihan	<b>21,869,197</b>	18,240,844
Give a Gift	<b>12,176,972</b>	608,159
Kapuso School Rehabilitation	<b>3,299,742</b>	2,627,684
Unang Hakbang sa Kinabukasan	<b>3,227,343</b>	1,116,351
Kalusugan Karavan	<b>502,500</b>	—
Sagip Dugtong Buhay	<b>406,493</b>	204,747
Bisig Bayan	<b>96,998</b>	150,000
	<b>41,579,245</b>	22,947,785
	<b>₱51,395,050</b>	₱37,283,961

Brief descriptions of the Foundation's projects are as follows:

- Operation Bayanihan - a quick relief response to victims of natural and man-made disasters anywhere in the country.
- Kapuso School Rehabilitation/Development - includes a school-based program and reconstruction of demolished bridges.

School-based program aims to foster integral education to provide students of underserved public schools, both primary and secondary, of the following:

- Decent and functional classrooms which are conducive for learning;
- Water distribution and sanitation facilities; and
- Environmental awareness through tree-planting around the school building.

Reconstruction of demolished bridges program aims to connect remote communities to trade and learning centers.

- Give a Gift (GAG) - the yearly distribution of customized Christmas packages to underprivileged children from poor and far-flung areas. To address specific needs of some of these children, the GAG evolved into sub-projects such as the GAG: Feeding, GAG: Surgical, GAG: Cancer Kid and GAG: Distribution.
- Unang Hakbang sa Kinabukasan - yearly school opening project for incoming Grade 1 students from poor and remote public elementary schools nationwide where they receive backpacks with complete set of school materials.
- Kalusugan Karavan - a roving medical mission in far-flung areas where basic health services are not accessible.
- Sagip Dugtong Buhay - an annual bloodletting project which promotes volunteerism by donating blood to help save lives and extend the lives of others.
- Bisig Bayan - special projects in line with the monthly themes of the Department of Health such as Ngiting Kapuso, Serbisyong Alay Sa Kababaihan, Operation Tuli, Serbisyong Alay Sa Kalalakihan, Wheelchair and Hearing Aid Giving, Kapuso 20/20, Echocardiogram Testing, and Blood Sugar Testing.

## 10. Donations

Donations received are intended for the following purposes:

	2022	2021
General fund	<b>₱79,826,294</b>	₱138,827,491
Medical assistance	<b>568,658</b>	31,075
	<b>₱80,394,952</b>	₱138,858,566

Donations received by the Foundation were from various corporations and individuals.

## 11. Program Expenses

Project cost for various projects are as follows:

	2022	2021
Restricted:		
Operations Bayanihan	<b>₱4,143,804</b>	₱6,332,237
Kapuso School Rehabilitation	<b>13,924,871</b>	7,191,918
	<b>18,068,675</b>	13,524,155
Unrestricted:		
Give a Gift	<b>30,694,730</b>	18,100,624
Operation Bayanihan	<b>27,107,224</b>	29,807,549
Unang Hakbang Sa Kinabukasan	<b>13,354,456</b>	13,018,169
Kapuso School Rehabilitation	<b>6,439,575</b>	19,306,363
Sagip Dugtong Buhay	<b>525,584</b>	209,116
Kalusugan Karavan	<b>507,145</b>	14,891
Bisig Bayan	<b>357,417</b>	438,628
Linis Lusog Kapusong Kabataan	<b>38,170</b>	—
	<b>79,024,301</b>	80,895,340
	<b>₱97,092,976</b>	₱94,419,495

Salaries and wages amounting to ₱4,211,932 and ₱4,473,051 in 2022 and 2021, respectively, pertain to salaries of project-related employees.

Donation expense amounting to ₱575,883 and ₱346,855 in 2022 and 2021, respectively, were used for expenses incurred in providing medical assistance to specific indigent patients identified by the donors requiring extensive medical treatment.

## 12. Compensation and Employee Benefits

	2022	2021
Salaries and wages	<b>₱5,539,166</b>	₱6,085,537
Pension benefit (Note 13)	<b>(973,395)</b>	(528,673)
	<b>₱4,565,771</b>	₱5,556,864

## 13. Pension Liability

The Foundation has a funded, non-contributory retirement plan covering its permanent employees. In 2022 and 2021, the Foundation contributed to a retirement fund managed by a trustee bank.

Under the existing regulatory framework, Republic Act 7641 requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan.

Under PFRS for SMEs, the cost of defined benefit obligations, including those mandated under Republic Act 7641 should be determined using an accrued benefit valuation method or projected benefit valuation method to be determined by an independent actuary.

The following tables summarize the components of retirement costs recognized in the statements of receipts and expenses and pension liability recognized in the statements of assets, liabilities and fund balance as at and for the years ended December 31, 2022 and 2021.

Pension costs (benefit) recognized in statements of receipts and expenses are as follows:

	2022	2021
Current service cost	<b>₱642,721</b>	₱612,115
Interest cost	<b>238,941</b>	197,740
Net actuarial gain	<b>(1,855,057)</b>	(1,338,528)
	<b>(₱973,395)</b>	(₱528,673)

Details of net pension liability are as follows:

	2022	2021
Present value of defined benefit obligations	<b>₱3,597,559</b>	₱4,535,426
Fair value of plan assets	<b>(2,950,193)</b>	(2,274,151)
Pension liability	<b>₱647,366</b>	₱2,261,275

The changes in the present value of the defined benefit obligation are as follows:

	2022	2021
Balance at beginning of year	<b>₱4,535,426</b>	₱5,044,375
Current service cost	<b>642,721</b>	612,115
Interest cost	<b>238,941</b>	197,740
Net actuarial gain	<b>(1,819,529)</b>	(1,318,804)
Balance at end of year	<b>₱3,597,559</b>	₱4,535,426

The changes in the fair value of plan assets are as follows:

	2022	2021
Balance at beginning of year	<b>₱2,274,151</b>	₱1,613,913
Contribution	<b>640,514</b>	640,514
Actuarial gain	<b>35,528</b>	19,724
Balance at end of year	<b>₱2,950,193</b>	₱2,274,151

The Foundation's plan assets as at December 31, 2022 and 2021 consist of time deposits.

At each reporting period, the Foundation determines its contribution based on the performance of its retirement fund.

The funds are managed and supervised by Trustee banks for the benefits of the plan members. However, the general administration of the funds is vested in a Retirement Committee.

The latest actuarial valuation report obtained is at December 31, 2020.

The principal assumptions used in determining pension liability of the Foundation's retirement plan are as follows:

	2022	2021
Discount rate	<b>7.47%</b>	5.27%
Expected rate of salary increase	<b>5.00%</b>	5.00%

Shown below is the maturity analysis of the Foundation for December 31, 2022:

Less than one year	<b>P—</b>
More than one year to five years	<b>1,423,889</b>
More than 5 years to 10 years	<b>3,310,863</b>
More than 10 years to 15 years	<b>2,075,327</b>
More than 15 years to 20 years	<b>2,614,179</b>
More than 20 years	<b>3,358,662</b>
	<b>P12,782,920</b>

#### 14. Related Party Transactions

Parties are considered to be related if one party has the ability, directly and indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. This includes: (a) individuals owning, directly or indirectly through one or more intermediaries, control or are controlled by, or under common control with the Foundation; (b) associates; and (c) individuals owning, directly or indirectly, an interest in the voting power of the Foundation that gives them significant influence over the Foundation and close members of the family of any such individual. In considering each related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

The Foundation, in the normal course of business, has transactions with related parties. The table below summarizes the amount of transactions entered into with related parties and the outstanding balances as at December 31.

Related Party	Category	Year	Amount of Transactions	Outstanding Balance	Terms	Conditions
GMA Network, Inc. (GMA)	Due to a related party	2022	<b>P1,082,167</b>	<b>P2,038,381</b>	On demand, noninterest-bearing	Unsecured
		2021	(P2,405,336)	P956,214		
	Donations receipts	2022	<b>193,031</b>	—		
		2021	3,920,192	—		
Trustees	Donations receipts	2022	<b>62,135</b>	—		
		2021	1,114,080	—		

Due to a related party pertains to the expenses initially paid by GMA on behalf of the Foundation.

Donation receipts pertains to donations received from related parties which form part of their general fund that is used to finance any program, including medical assistance of the Foundation.

#### 15. Supplementary Information Required Under Revenue Regulations 15-2010

The Foundation reported and/or paid the following types of taxes in 2022:

##### a. Taxes and Licenses

Mayor's permit	<b>P13,600</b>
DSWD registration and accreditation fee	<b>1,000</b>
Barangay certificate renewal	<b>2,300</b>
Community tax certificate	<b>500</b>
Registration fees	<b>500</b>
	<b>P17,900</b>

b. Withholding Taxes

Expanded withholding taxes	₱604,034
Withholding taxes on compensation and benefits	134,084
	<u>₱738,118</u>

c. Tax Assessments and Cases

As at December 31, 2022, the Foundation has no final tax assessments and cases pending before the BIR. Likewise, the Foundation has no other pending tax cases outside the administration of the BIR as at December 31, 2022.

**PHILUSA CORPORATION-RHEA GENERICS**

Philusa Corporation-Rhea Generics donated medicine and hygiene products for GMA Kapuso Foundation's various projects.

**PLANET WATER FOUNDATION**

Planet Water Foundation installed AquaTower multi-functional water tanks in Liloan and Limasawa Island in Southern Leyte under the Kapuso School Development project for 2 schools which were badly damaged by Super Typhoon Odette.

**CONCRETE STONE CORP.**

Concrete Stone Corp. led by its President, Engr. Noel Jesus Santiago, provided top quality aggregates & shipping service of construction materials for the Kapuso School Development projects in Limasawa Island, Liloan in Southern Leyte & Siargao Island in Surigao del Norte.

**LOTUS TOOLS PHILIPPINES**

Lotus Tools Philippines donated construction tools for the infrastructure projects of GMA Kapuso Foundation.

**FEDERATION OF FILIPINO CHINESE CHAMBERS OF COMMERCE AND INDUSTRY, INC.**

The Federation of Filipino Chinese Chambers of Commerce & Industry, Inc. (FFCCCI) through the Filipino Chinese Community Calamity Fund donated to GMA Kapuso Foundation's Operation Bayanihan for the survivors of Super Typhoon Odette. FFCCCI president Dr. Henry Lim Bon Liong led the donation turnover which was received by GMA Kapuso Foundation's EVP & COO, Ms. Rikki Escudero-Catibog.

**NEW ZEALAND EMBASSY MANILA**

GMA Kapuso Foundation EVP & COO Ms. Rikki Escudero-Catibog, accepts a grant from the New Zealand Embassy led by Ambassador Peter Kell for the construction of 4 classrooms in Siargao, Surigao del Norte in aid of Super Typhoon Odette victims.

**NEW WORLD DIAGNOSTICS**

New World Diagnostics provides laboratory services to patients under GMA Kapuso Foundation's care.

**SINGAPORE DIAGNOSTICS**

Singapore Diagnostics provides antigen tests to GMA Kapuso Foundation staffers and beneficiaries as needed.

## How to Donate

The GMA Kapuso Foundation (GMAKF) Office receives monetary and material donations from Monday to Friday, 9:00am until 5:00pm.

For monetary donations, the Foundation accepts cash or check which can be personally delivered to the GMAKF Office or deposited in its bank accounts. An official receipt is issued for donors who bring their cash donation to the GMAKF Office. For bank deposits, the donor is requested to fax or e-mail a bank transaction slip indicating intended recipient (if any) and contact details for sending of official receipt.

Donations from the U.S., Europe and other countries can be wire-transferred to the GMA Kapuso Foundation accounts indicating the "swift code" of the Philippine banks in the next page. The donor is requested to fax or e-mail a bank transaction slip indicating the intended recipient (if any) and contact details for the sending of official receipts.

Donations are also accepted free of service charge at all branches of **CEBUANA LHUILLIER** in the Philippines.

Credit card donations may also be done online but applicable service fees will be charged.

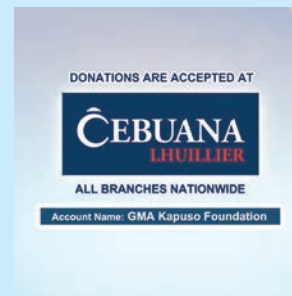

GMAKF also accepts material donations such as rice, canned goods, noodles, food items, medicines, hygiene supplies, new clothes and new footwear.

The Foundation only accepts material donations (ex. canned goods, food items and medicine) that are expiring beyond 6 months from date of acceptance. A material receipt form will be issued to the donor upon delivery of material donation.

For material donations from abroad, door-to-door delivery is preferred. Please indicate the address and name of donor on the box. A material receiving form will be issued to you through mail or e-mail.

Thank you very much!

**You may also donate through any of our partners below:**
